Description: Proposed dwelling (bungalow), garage and bio treatment plant

Location : Plot at rear of 59 High Street Gosberton

South Holland District Council hereby give notice that PERMISSION HAS BEEN GRANTED for the development in accordance with the application and plans submitted, subject to any condition(s) set out below:

1 The development must be begun not later than the expiration of five years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990.

2 Before any development is commenced, a scheme of landscaping and tree planting for the site, including details of positions, heights on planting and species of trees and shrubs, shall be submitted to and approved in writing by the Local Planning Authority.

Reason: In the interests of visual amenity.

3 The approved scheme of landscaping and/or screening shall be carried out in its entirety within a period of two years beginning with the date on which development of the land is commenced. The trees, shrubs or bushes shall be adequately maintained by the owner(s) of the land on which they are situated for a period of ten years beginning with the date of completion of the scheme, and all losses shall be made good during that period.

Reason: In the interests of visual amenity and to ensure that the approved scheme is implemented

satisfactorily.

4 Before any development is commenced, a scheme to provide screen walls or fences, including details of their height, design and position, shall be submitted to and approved in writing by the Local Planning Authority, and such scheme as may be approved shall be put into effect before the building hereby permitted is brought into use.

Reason: In the interests of the amenities of the area.

5 Prior to development being commenced all trees being retained on the site should be fenced off at least 1 metre beyond the spread of such trees by means of a fence of a minimum 1200 mm high, consisting of chestnut paling firmly secured top and bottom to line wires fixed to fence posts a maximum of 2 metres apart. Such fencing shall be properly maintained throughout the period of construction and removed only when the development is completed and building work ceases.

Reason: To safeguard the trees during development.

6 Under no circumstances shall any material, machinery, tools, fuel, etc be stored, nor any builders huts and the like of temporary or permanent nature be erected in the area protected by the fencing. Trenches for any underground services which are to pass within the fenced area shall be dug by hand and care taken not to damage any tree roots whatsoever.
When such services have been inserted in the trenches, the trenches shall be carefully backfilled and consolidated by foot every 150 mm of depth. Under no circumstances shall a machine dig be allowed within the fenced areas.

Reason: To safeguard the trees during the development.

7 Notwithstanding the provisions of the Town and County Planning (General Permitted Development) Order, 1995 there shall be no window or other openings within the roof of the bungalow.

Reason: To safeguard the amenities of the occupants of adjoining dwellings against overlooking.
