Description: Works to trees in Gosberton Conservation Area

Detailed Description:

Notification to pollard twelve lime trees in the Church Yard of Saint Peter and Saint Paul's Church, Westhorpe Road, Gosberton. The trees are located in front of the Church and have previously been regularly pollarded.

The works will stop overhang onto the Church path and keep the Church more visible, to help with security.

South Holland District Council has considered the proposal and has no objections, subject to any recommendation set out below;

- 1 That the proposed work is carried out within two years of the date of this letter of 'No Objection'.
- 2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree Work'.

Notes:

The necessary consent of all other interested parties should be obtained before the works proceed.

Other than the removal of dead wood lime trees should preferably be pruned in late July and August or alternatively in the autumn months. Avoid pruning from the end of January onwards, as the bleeding of sap may be a problem.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England at their Lincoln office on 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England at their Lincoln office on 03000 603900 before works proceed.
