Trees to be trimmed
2 Ash, 1 Sycamore, 1 Cherry, plus light trim to Hawthorn.

Work proposed.
To cut back to the same point these trees were last cut back to
This point can clearly be seen to be in line with the rear fences of
of property's, 14 and 16 Salem Street.

Why work necessary.
These trees now overhang the communal car park used by
Numbers 12/14/16/18/20/22 Salem Street by up 6 metres,
also the rear yard and garden of number 16 is overhung by 5metres.
I am also concerned, after the strong winds and storms we we have
been getting more often in the last decade that the trees could be
in danger of falling.
