Dear Sir / Madam,

I would like to apply for a Greyhound Board of Great Britain (G.B.G.B.) Greyhound trainer's licence. It is for a hobby, not commercial, and purely to satisfy the G.B.G.B., I have to apply for "change of use" from equestrian purposes, for the stables and land.

My application is not for a business, it is purely for my own domestic Greyhounds. It will simply be for the internal conversion (for 3 double G.B.G.B.) regulation size kennels. To house up to 6 Greyhounds. This will be 2 partitions; see photo 1, and, 3 kennel fronts with doors. The dimensions are on the backs of the photo's.

And the use of the land from equestrian to Greyhound exercise area's.

Not alterations will be made to the exterior of the stable block.

Yours sincerely

I need the G.B.G.B licence to enable me to train & race my own dogs at licensed G.B.G.B tracks.
