Dear Sir

**PROCTOR BROS (GOSBERTON) LTD
ENVIRONMENT ACT 1995 SECTION 97 (HEDGEROWS REGULATIONS 1997)
HEDGEROW REMOVAL NOTICE
LAND REAR OF SPALDING ROAD, GOSBERTON.**

We hereby give notice of our client's intention to remove a hedgerow identified on the plan which accompanies this application. The applications comes following discussions and an on-site meeting with the Trees and Nature Conservation Officer from South Holland District Council.

It is necessary to remove the identified length of hedge in order for improvements to be made to the existing drainage ditch. Unfortunately, there has been little or no maintenance to either the ditch or hedge for many decades. It is our client's intention to improve the existing drainage ditch and in doing so, retain wherever possible, parts of the hedge that are not impacted upon. Following completion of the drainage works the resultant gaps within the hedgerow will be replanted on the eastern side with mixed native species such as Hazel, Field Maple, Hawthorn, Crab Apple and Dogwood.

We trust that you will consider the application favourably and should you have any queries about the submission, please do not hesitate to contact us.

Yours faithfully
