Tracey

Please see below further information required for the next Chairman's Panel meeting

"All lights will point downwards towards the centre of the Manege from the 4 corners. No lights will point towards the road or residential properties. The lights closest to the road will be pointing away from the road / residential properties and the lights furthest away are at a distance of more than 60 metres from the road / residential properties and would therefore be unable to shed light further than the existing plot. Please be assured that the request is to enable the Manege only to be illuminated, not the surrounding area"

Regards

Malcolm (Agent)
