

This architectural drawing shows a side elevation of a house. It features a prominent chimney on the left side and a gabled roof. The drawing is a line sketch with some shading to indicate form and depth.

This architectural elevation drawing depicts a building facade with a gabled roof. On the left, a tall chimney rises from the roofline. The facade features several windows: a large multi-paned window on the left, a smaller window below it, and a row of three windows in the center. To the right of the central windows is a small entrance with a door, and further right is a large, closed garage door. The drawing uses fine lines to represent architectural details and shading to indicate depth and form.

This is a black and white architectural line drawing of a building's exterior elevation. The building features a steep, gabled roof covered in numerous small, horizontal lines representing tiles. A small, square chimney rises from the ridge of the roof. The main body of the building has a flat roof supported by a series of vertical posts. On the left side, there is a window with a decorative frame. To the right of the window is a door, also with a decorative frame. The drawing is signed 'B.H.' in the bottom left corner.

Hand-drawn architectural floor plan of the ground floor of a house. The plan includes a study (1650), dining (1450), hall, kitchen (1450), larder (1245), and lounge (1340). It also shows a garage with no access, a conservatory, and a rear garden. Key features include a fireplace, a bay window, a conservatory, a rear garden, and a rear garden. The plan is labeled 'GROUND FLOOR 1-50'.
