I have reviewed the Stuart Guy Consulting report no 18-05-02 dated 3rd June 2018 'Environmental Risk Assessment of land to rear of 39 Wignal's Gate, Holbeach, Spalding, PE12 7HR'. The information presented falls below the standard normally accepted by this department, however in this instance I will accept it and recommend discharge of condition 8 of H09-0326-17, relating to land contamination.
