This Condition is imposed in accordance with Policy 3 of the South East Lincolnshire Local Plan, 2019.

- 16 Prior to the commencement of the development hereby permitted beyond oversite, a plan illustrating all areas of publicly accessible open space shall be submitted to and approved in writing by the Local Planning Authority. The areas so approved shall be laid out and made available for use in accordance with a specification and phasing that shall first be agreed in writing by the Local Planning Authority, and shall thereafter be so maintained.

#### Notes:

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and by identifying matters of concern within the application and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at <http://planning.sholland.gov.uk/OcellaWeb/planningSearch>

Any changes to the finished floor levels of the dwellings hereby approved, the levels across the

site and/or changes to the permeable and other surfaces, not set out within the Flood Risk Assessment MA10954-FRA-R03 March 2019, would require a further formal submission to be made to the Local Planning Authority to vary conditions above.

The applicant is reminded that it is an offence under the wildlife and Countryside Act, 1981 (as amended) to kill, injure, or take (handle) any protected species occupying a place of shelter or protection and also to take, damage or destroy the nest of any wild bird while that nest is in use or being built. If evidence of bats is found before or whilst the work is carried out you are advised to contact Natural England at their Lincoln office (telephone 03000 603900).

This planning permission is subject to an Agreement under Section 106 of the Town & Country Planning Act 1990 dated \*\*\*\*\* and can only be implemented as a consequence of meeting the provisions of that Agreement

Where a footway is to be constructed on private land, that land must be dedicated to the Highway Authority as public highway.

All roads within the development hereby permitted must be constructed to an engineering standard equivalent to that of adoptable highways. Those roads that are to be put forward for adoption as public highways must be constructed in accordance with the Lincolnshire County Council Development Road Specification that is current at the time of construction and the developer will be required to enter into a legal agreement with the Highway Authority under Section 38 of the Highways Act 1980. Those roads that are not to be voluntarily put forward for adoption as public highways, may be subject to action by the Highway Authority under Section 219 (the Advance Payments code) of the Highways Act 1980. In all cases, the developer is advised to undertake early discussions with statutory undertakers to co-ordinate the laying of utility services under the highway.

Please contact the Lincolnshire County Council Streetworks and Permitting Team on 01522 782070 to discuss any proposed statutory utility connections and any other works which will be required within the public highway in association with the development permitted under this Consent. This will enable Lincolnshire County Council to assist in the coordination and timings of these works.

The highway improvement works referred to in Condition 10 are required to be carried out by means of a legal agreement between the landowner and the County Council, as the Local Highway Authority.
