TOWN AND COUNTRY PLANNING ACT 1990

FULL

Reference: H09-0288-15 **Date of Decision:** 21st February 2018

Applicant: Benchmark Properties
C/O Studio 11 Architecture
The Boathouse
Harbour Square
Nene Parade
Wisbech
PE13 3BH

Location: Land Off Balmoral Way Holbeach Spalding

Description: Proposed residential development comprising 36 dwellings

South Holland District Council hereby give notice that this application has been GRANTED (or equivalent) subject to the following condition(s):

1 The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 The development hereby permitted shall be carried out in accordance with the following approved plans:

203.AFF-1B2P-02R.P01, 203.SL.01G, AFF-2B4P-01, AFF-3B5P-01, 203.DDG.P01, 203.K2S2B01-B.P.01, 203.K2S3B01-B.P01, 203.K2S3B02-B.P.01, 203.K2S3B04-B.P.01, 203.K2SB401-BP.01, 203.K2S4B02-R.p01, 203.LP.01, the approved Flood Risk Assessment (prepared by Geoff Beel Consultancy, dated January 2015)

Reason: For the avoidance of doubt and in the interests of proper planning

3 Before the commencement of the development hereby permitted beyond oversite a schedule of external materials of construction of buildings and hard surfaced areas shall be submitted to and approved in writing by the Local Planning Authority. The development shall be constructed in accordance with the materials so approved.

Reason: To ensure that the Local Planning Authority retains control over the external materials of construction of the development in the interests of the character and appearance of the development and the visual amenity of the area in which it is set.
This Condition is imposed in accordance with Policy SG14 of the South Holland Local Plan, 2006.

4 The development hereby permitted shall not be commenced until a scheme to deal with any contamination of land or pollution of controlled waters has been submitted to and approved in writing by the Local Planning Authority (LPA) and until the measures approved in that scheme have been implemented. The scheme shall include all of the following measures:

i) a desk-top study carried out to identify and evaluate all potential sources of contamination and the impacts on land and/or controlled waters, relevant to the site. The desk-top study shall establish a 'conceptual site model' and identify all plausible pollutant linkages. Furthermore, the assessment shall set objectives for intrusive site investigation works/Quantitative Risk Assessment (or state if none required). Two full copies of the desk- top study and a non-technical summary shall be submitted to the LPA without delay upon completion.
ii) if identified as being required following the completion of the desk-top study, a site investigation shall be carried out to fully and effectively characterise the nature and extent of any land contamination and/or pollution of controlled waters. It shall specifically include a risk assessment that adopts the Source-Pathway-Receptor principle, in order that any potential risks are adequately assessed taking into account the sites existing status and proposed new use. Two full copies of the site investigation and findings shall be forwarded to the LPA without delay upon completion.
iii) thereafter, a written method statement detailing the remediation requirements for land contamination and/or pollution of controlled waters affecting the site shall be submitted to and approved in writing by the LPA, and all requirements shall be implemented and completed to the satisfaction of the LPA. No deviation shall be made from this scheme. If during redevelopment contamination not previously considered is identified, then the LPA shall be notified immediately and no further work shall be carried out until a method statement detailing a scheme for dealing with the suspect contamination has been submitted to and agreed in writing by the LPA.
iv) two full copies of a full closure report shall be submitted to and approved in writing by the LPA. The report shall provide verification that the required works regarding contamination have been carried out in accordance with the approved Method Statement(s). Post-remediation sampling and monitoring results shall be included in the closure report to demonstrate that the required remediation has been fully met.

Note
The applicant is advised that the phased risk assessment required by the Contaminated Land Scheme Condition should be carried out in accordance with the procedural guidance of the Environmental Protection Act 1990 Part 11A.
The applicant's attention is also drawn to the document entitled "Developing Land Within

Lincolnshire - A guide to submitting planning applications to develop land that may be contaminated", which can be obtained through the Local Environmental Health Department.

Reason: To assess whether the site is polluted and to address any pollution to ensure a satisfactory development. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policy SG13 of the South Holland Local Plan, 2006.

5 The development hereby permitted shall be carried out in accordance with the measures set out in the approved Flood Risk Assessment (prepared by Geoff Beel Consultancy, dated January 2015) forming part of this planning application, and in particular the following mitigation measures:

- Finished floor levels shall be set no lower than 3.6m AOD;
- All dwellings shall be a minimum of two storeys;
- Flood resilient construction shall be incorporated throughout the development.

The mitigation measures shall be fully implemented prior to occupation and subsequently in accordance with the timing/phasing arrangements embodied within the scheme, or within any other period as may be agreed in writing by the local planning authority.

Reason: To ensure that the development does not increase the risk of flooding or be at risk of flooding.
This Condition is imposed in accordance with national guidance contained in Section 10 of the National Planning Policy Framework, 2012.

6 Before the commencement of the development hereby permitted, full details of the existing and proposed site levels and proposed floor levels of the buildings and hard surfaced areas shall be submitted to and approved in writing by the Local Planning Authority. The development shall be constructed in accordance with the details so approved.

Reason: To ensure that the Local Planning Authority retains control over the finished site and floor levels of the development, in the interests of the amenity of adjacent residents and its visual and architectural relationship with adjacent development. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies SG14 and SG17 of the South Holland Local Plan, 2006.

7 Before the commencement of the development hereby granted beyond oversite, full details of the proposed means of foul and surface water disposal to separate systems shall be submitted to and approved in writing by the Local Planning Authority and the details so approved shall be implemented in full before there are any flows into the receiving systems.

Reason: To ensure that the site is adequately drained, to avoid pollution, and to prevent increased risk of flooding.

This Condition is imposed in accordance with Policies SG11, SG12 and SG13 of the South Holland Local Plan, 2006 and national guidance contained in Section 10 of the National Planning Policy Framework, 2012.

8 Before the development is commenced beyond oversite, full details of the proposed soakaway system for the disposal of surface water from the development hereby permitted, including percolation test results, shall be submitted to and approved in writing by the Local Planning Authority. Should the percolation test results be considered unacceptable by the Local Planning Authority details of an alternative means of providing for surface water drainage shall be submitted for consideration. The approved means of surface water drainage shall be implemented in full before the development hereby permitted is first brought into use.

Reason: To ensure that the site is adequately drained, to avoid pollution, and to prevent increased risk of flooding.
This Condition is imposed in accordance with Policies SG11 and SG13 of the South Holland Local Plan, 2006 and national guidance contained in Section 10 of the National Planning Policy Framework, 2012

9 Before the commencement of the development hereby permitted beyond oversite, the approval of the Local Planning Authority is required to a scheme of landscaping and tree planting for the site indicating, inter alia, the number, species, heights on planting and positions of all the trees, together with details of post-planting maintenance. Such scheme as is approved by the Local Planning Authority shall be carried out in its entirety within a period of twelve months beginning with the date on which development is commenced. All trees, shrubs and bushes shall be maintained by the owner or owners of the land on which they are situated for the period of five years beginning with the date of completion of the scheme and during that period all losses shall be made good as and when necessary.

Note: The applicant is recommended to employ a qualified and experienced landscape designer to produce a landscaping scheme for the development.

Reason: To ensure that the development is adequately landscaped, in the interests of its visual amenity and that of the area in which it is set.
This Condition is imposed in accordance with Policy SG18 of the South Holland Local Plan, 2006.

10 Prior to its installation, details of the proposed boundary treatment, including a schedule of materials, and details of the size and species of any hedging, shall be submitted to and approved in writing by the Local Planning Authority, and the details so approved shall be implemented in full before the development is first brought into use.

Reason: In the interests of the character and appearance of the development and the visual amenity of the area in which it is set.
This Condition is imposed in accordance with Policy SG14 of the South Holland Local Plan, 2006.

11 An equipped children's play areas shall be provided within the site. The timing of the implementation, location, detailed design, layout, specification of the equipment, and the

management and maintenance regime of the play area shall be submitted to and approved in writing by the Local Planning Authority. The play area shall be provided in accordance with the details so approved, and thereafter so maintained.

Reason: To ensure that adequate play provision is made for the occupiers of the development hereby permitted and that the facility is adequately managed and maintained.
This Condition is imposed in accordance with Policies SG14 and HS11 of the South Holland Local Plan, 2006.

12 All areas of publicly accessible open space shown on the approved plans shall be laid out and made available for use prior to the occupation of the 18th dwelling, and shall thereafter be so maintained.

Reason: To ensure that adequate open space provision is made available for the occupiers of the development hereby permitted and that provision is made for the management and maintenance of the open space.
This Condition is imposed in accordance with Policies SG14 and HS11 of the South Holland Local Plan, 2006.

13 A management plan for the areas of publicly accessible open space and any outdoor play areas, including management responsibilities and maintenance schedules, shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of the development hereby permitted beyond oversite. The management of these areas shall be carried out in accordance with the details so approved.

Reason: To ensure that adequate open space provision is made available for the occupiers of the development hereby permitted and that provision is made for the management and maintenance of the open space.
This Condition is imposed in accordance with Policies SG14 and HS11 of the South Holland Local Plan 2006.

14 Before each dwelling is occupied, the roads and footways providing access to that dwelling, for the whole of its frontage, from the existing public highway, shall be constructed to a specification to enable them to be adopted as highways maintainable at the public expense, less the carriageway and footway surface courses. The carriageway and footway surface courses shall be completed within three months from the date upon which the erection is commenced of the penultimate dwelling.

Reason; to ensure safe and adequate access to the site and to each dwelling.
This Condition is imposed in accordance with Policies SG15 of the South Holland Local Plan, 2006.

15 Prior to commencement of development on site details of construction management shall be submitted to and approved in writing by the Local Planning Authority, the details to include:

- parking for all vehicles associated with construction including employees cars;
- access for all construction traffic (to be via Foxes Low Road);
- hours of working;

- measures to control dust, noise, vibration and smoke;
- measures to prevent mud and debris entering the public highways by construction traffic including wheel washing facilities.

Construction shall be carried out only in strict accordance with the approved details and access for construction related vehicles shall only be via Foxes Low Road.

Reason: In the interests of the amenity of local residents during the construction process. This condition is imposed in accordance with policy SG17 of the South Holland Local Plan 2006.

16 Details of the design and positions of all external boxes for gas and electricity supplies and of any gas flues and soil vent pipes shall be submitted to and approved in writing by the Local Planning Authority prior to their installation and there shall be no variation from the details so approved.

Reason: To ensure that the Local Planning Authority retains control over these details of the development in the interests of the character and appearance of the development and the visual amenity of the area in which it is set.
This Condition is imposed in accordance with Policy SG14 of the South Holland Local Plan, 2006.

Notes:

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and by identifying matters of concern within the application and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at http://planning.sholland.gov.uk/OcellaWeb/planningSearch

The development hereby permitted will require the provision of a new vehicular access crossing. Applicants are requested to contact the Local Highway Authority's Divisional Office at Pode Hole - (via call centre Tel: 01522 782070) prior to the commencement of any works within the public highway.

This planning permission is subject to an Agreement under Section 106 of the Town & Country Planning Act 1990 dated 19 February 2018 and can only be implemented as a consequence of meeting the provisions of that Agreement

Future occupants are strongly advised to register with the Environment Agency's free Floodline Warnings Direct Service

Paul Jackson

Place Manager
South Holland District Council

BUILDING REGULATIONS:
This decision refers only to planning permission as granted under the Town and Country Planning Act 1990. The works that you are proposing may also require Building Regulations and this planning permission does not give authority under Building Regulations to commence work. Please contact the Building Control section for further information on 01775 764557 or bcadmin@sholland.gov.uk

RIGHTS OF APPEAL

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or grant consent subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Building and Conservation Areas) Act 1990.

Timescales for appealing

The deadlines for appeals are calculated from the **date of decision** and are as follows for the types of applications below:

12 Weeks	6 Months	8 Weeks
Householder Applications	Planning Permission	Consent to Display Adverts
Minor Commercial Development	Listed Building Consent	
Agricultural Determinations	Other Prior Approval Applications	
Householder Prior Approval Applications		

Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice** OR **the timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

All appeals must be made using an Appeal Form which you can get from The Planning Inspectorate at Temple Quay House, 2 The Square, Bristol, BS1 6PN (tel: 0303 444 5000) or you can submit your appeal online at:

http://www.planningportal.gov.uk/planning/appeals/online/makeanappeal

The Secretary of State can allow a longer period for giving notice of an appeal but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the

provisions of the development order and to any directions given under the order. In practice the Secretary of State does not refuse to consider appeals solely because the Local Planning Authroity based its decision on a direction given by him.

For detailed information on appeals, appeal types and guidance on the appeals process please visit:

http://www.planningportal.gov.uk/planning/appeals/planningappeals

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
