DO NOT SCALE FROM THIS DRAWING

This drawing is the property of the Architect. The contents may not be used without the written permission of the Architect. The Architect accepts no responsibility for any errors or omissions in this drawing which may have been caused by inaccurate or incomplete information supplied by others. The Architect accepts no responsibility for any work carried out from this drawing unless it has been issued for construction purposes. Any discrepancies found in this drawing must be reported to the Architect immediately. Figured dimensions are to be taken in preference to scaled. All dimensions are in millimetres unless otherwise stated. All levels are to be confirmed on site by the Contractor. The Contractor is to visit the site and be responsible for taking all dimensions necessary for the construction of the works. The Contractor is to be responsible for the adequacy of all temporary and permanent works and for any setting out that may be required. This drawing is to be read in conjunction with all relevant Engineer's drawings and specifications. Any discrepancies between this drawing and the Engineer's drawings are to be reported to the Architect immediately. Any discrepancies between this drawing and the Party Wall Surveyor's Award are to be reported to the Architect immediately. The Contractor is to comply with the requirements of the Party Wall etc. Act 1996 when working on or adjacent to a party wall, fence wall or excavation within 3 metres of neighbouring structure which extends deeper than the foundations of the neighbouring structure. Where the Party Wall etc. Act 1996 does not apply the Contractor must take all reasonable precautions to avoid damage to neighbouring property. Work that may not specifically be shown but that may be reasonably inferred as necessary is to be carried out by the Contractor as though detailed in every respect. Dimensions are not to be taken from the drawing by measurement. Where dimensions are required, and not given, they are to be obtained from the Architect or his agents. The Contractor is to ensure that all materials and workmanship are in accordance with the relevant British Standard Specifications and Codes of Practice and the requirements of the Building Regulations 2010 as amended by the Health and Safety at Work etc. Act 1974. The Construction (Design and Management) Regulations as implemented CDM Coordinator is Julian Warrick Architectural Design Consultant. The Contractor must be Asbestos Aware in the latest codes of practice.
