Application	H09-0331-18
Location	Woodhouse FarmHouse Hurn Road Holbeach
Proposal	Details of archaeological report and construction management plans (Conditions 3 and 6 of H09-0589-17)

Name	Noise and Contaminated Land
Address	Environmental Health

Date Submitted	25-04-18
For/Against	Comments

There are no conditions relating to contaminated land on the approval H09-0589-17 , so I have no formal comments to make on this application, however I note in the archaeological survey there are several places where blocks indicate that there were potentially above ground tanks, therefore I would be grateful if you could note to the applicant the following: In the event that contamination is found at any time when carrying out the approved development it must be reported immediately to Environmental Health. An investigation and risk assessment must be undertaken in accordance with details to be agreed with Environmental Health. Where remediation is necessary, a remediation scheme must be submitted to and approved in writing by Environmental Health. Following completion of measures identified in the approved remediation scheme a verification report shall be submitted to and approved by Environmental Health.
