Danielle Gibson
Thank you for your e-mail of the 22nd April 2014, concerning your proposals for stables at the above site.
Planning permission will be required to erect the stables on land at the rear of your domestic garden.
I have no overall objections to these proposals, which I understand is to provide stables for the horses which at present graze the attached open land.
I would prefer the attached barn to be reduced in size and sited at the side of the stable block.
I hope this information is useful to you.
