Re: Proposed amendment to approved planning application H09-0664-13 & H09-0114-14.

It is our understanding that Mr D.Rulewski is proposing to submit an amendment to the approved planning permission ref H09-0664-14 and approved conditions ref H09-0114-14.

The amendment will be by the way of an alteration to the condition pertaining to the screening to the northern and eastern boundaries to the site in question.

Mr D. Rulewski has informed us that it is his intention to grub up the 4.5m high Leylandii hedge which is in a poor state of health and replace this with a newly planted hedge of Hornbeam, Beach, Laurel or similar native species. We confirm that we have no objection to this proposed amendment.

In order to maintain our degree of privacy whilst the newly planted hedge is becoming established, it is our intention to remove our existing boundary timber fence and replace this with a 2.0m high concrete post and timber panel fence.

We trust the above is clear, however, should you have any further questions, please do not hesitate to contact us.

Yours Sincerely

B. G. GOWAN
