Details of the pre-application advice received

With regard to the scope of works proposed, I'd be comfortable permitting tile stripping and replacement without a need for an application for listed building consent provided as many tiles are reclaimed and reused as possible and the replacements are like for like in material and colour to those which they replace. The sticking point however, is the proposed works to the actual timber roof structure – repairs would be absolutely fine, but I'd be concerned that anything greater than some minor scale replacements would begin to constitute a replacement / different roof structure which has the potential to alter the character of the building, and definitely would impact upon the material authenticity of the site. So repairs would be absolutely fine alongside some relatively small scale spot-replacement of timbers, but if it becomes evident during the works that major replacement of timbers would be required, we'd require an LBC app to be submitted.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- [ ] Yes
- [x] No
