Hi David,

Thanks for your email. My response is as follows in blue:

Why is this path necessary when there seems to be a perfectly good designated foot/cycle path already ?
The footpath is to enable members of staff to escort pupils between the primary and secondary school sites. The footpath adjacent to the A17 is a public footpath and therefore not safe and secure.

How often will it be used and for how long each day?
The footpath will be used intermittently though the school day during school hours.

Will the path be used only by pupils and staff traversing between school buildings?
Yes

Will the path be used only during school hours?
Yes

Will it be used only in term time?
Yes

Will it be gated at each end and secured over night?
As far as I am aware both sites are secured at night and the footpath will be secured under those same measures.

I hope this is of assistance.

Thanks,

Kris Baxter

Dear Mr Baxter,

Please find attached the questions that have been raised by a local resident. Once I receive a reply I will assign it to a public section of the application so they can read your response.

Why is this path necessary when there seems to be a perfectly good designated foot/cycle path already ?

How often will it be used and for how long each day?

Will the path be used only by pupils and staff traversing between school buildings?

Will the path be used only during school hours?
