Good Morning Tracey

Attached is the amended plan showing the first 8 metres of the new drive to be to LCC Highways requirements and specification following email advise from Jon Sharpe this morning.

Hopefully this amendment will be looked at favourably.

Regards
 Sarah

Dear Mr Merchant,

Highways have commented on the details submitted in the above application. There are 'no highways objection to the proposals for the private driveway, but the part of the access that falls within the existing highway limits must be constructed to the LCC Highways specification'.

The driveway is proposed to be constructed of an unbound material. The strip that crosses what is the highway verge needs to be of bituminous construction. Would you therefore amend the details submitted to take into account Highways specifications?

Many thanks
