3. Description of the Proposal

Please describe the proposed development including any change of use:

replacement dwelling for existing static caravan, due to growing family requirements.
My client has exhausted all options thus applying for a bespoke structure. The Planning Policy for traveler sites (2012) states in point 22, the local planning authority should consider 'the availability or lack of availability, of alternative accommodation for the applicant', along with 'other personal circumstances of the applicant'. So it is asked you consider the fact my client has exhausted all other options to accommodate his growing family and this is a unique case, as how many families to you meet with 8 children.
My client owns plots 4 and 5, with the proposed development to be located to the rear of plot 5 and not have a unit on plot 4. My client is happy to have a condition in conjunction to using plot 4 with plot 5 and only having one unit on the two plots, with the ability to store upto 3 touring caravans in compliance to Planning Permission approval, H09-0813-08.
My client will store his touring caravan on plot 4, this will allow him to continue travelling whilst leaving his wife and children at home, allowing the children to remain in school as my client and his wife are very eager for their children to obtain a good education, providing them with a solid foundation for adult life.
The proposed dwelling is of a sympathetic appearance to match the existing street scene. At present the mobile home is cream render finish, with a black tiled roof and a red brick wall to the front of the unit. The proposed dwelling has been designed to reflect this finish. The applicant proposes a timber frame rather than a traditional brick and block to speed up the construction phase and provide a similar construction as a mobile home.

Has the building, work or change of use already started? ( ) Yes (•) No
