TOWN AND COUNTRY PLANNING ACT 1990

FULL

Reference: H09-0784-21 **Date of Decision:** 3rd February 2022

Applicant: Ashwood Homes
 1 Goodison Road
 Lincs Gateway Business Park
 Spalding
 PE12 6FY

Location: Land Off Fen Road Holbeach Spalding

Description: Erection of 38 dwellings with associated roads and sewers

South Holland District Council hereby give notice that permission has been GRANTED (or equivalent) subject to the following condition(s):

- 1 The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans and documents:

Application Form
 Design and Access Statement LAND TO THE WEST OF FEN ROAD HOLBEACH - REV.A July 2021
 Flood Risk Assessment MA11419/FRA/R02 June 2021
 Construction Method Statement
 Construction Management Plan 127-CMP-01
 HERITAGE STATEMENT HS/128 May 2021
 Preliminary Ecological Appraisal of Land July 2021
 Letter from Millward Consulting Engineers dated 16 August 2021 MA11419/JMcK/L01

127-LP-01
127-SL-01 G
127-BT-01 F
127-SL-02 H
127-MSL-01 F
127-S38-03 B
127-S38-02 B
127-S38-01 B
RIBBLE-V-001
NENE-001
CLYDE-001
LOCK-001
AVON-001
MERE-001
A902(R)-001
A732(R)-001
MA10602-A-604-1 D

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3 Before the commencement of the development hereby granted beyond oversight, full details of the means of surface water disposal shall be submitted to and approved in writing by the Local Planning Authority. The details so approved shall be implemented in full before the development hereby permitted is first brought into use.

The scheme shall:

- be based on sustainable drainage principles and an assessment of the hydrological and hydrogeological context of the development;
 - provide flood exceedance routing for storm event greater than 1 in 100 year;
 - provide details of how run-off will be safely conveyed and attenuated during storms up to and including the 1 in 100 year critical storm event, with an allowance for climate change, from all hard surfaced areas within the development into the existing local drainage infrastructure and watercourse system without exceeding the run-off rate for the undeveloped site;
 - provide attenuation details and discharge rates which shall be restricted to 1.4 litres per second;
 - provide details of the timetable for and any phasing of implementation for the drainage scheme;
- and
- provide details of how the scheme shall be maintained and managed over the lifetime of the development, including any arrangements for adoption by any public body or Statutory Undertaker and any other arrangements required to secure the operation of the drainage system throughout its lifetime.

No dwelling shall be occupied until the approved scheme has been completed or provided on the site in accordance with the approved phasing. The approved scheme shall be retained and maintained in full, in accordance with the approved details.

Reason: To ensure that the permitted development is adequately drained without creating

or increasing flood risk to land or property adjacent to, or downstream of, or upstream of, the permitted development.

This Condition is imposed in accordance with Policies 2, 3 and 4 of the South East Lincolnshire Local Plan, 2019.

- 4 Before the commencement of the development hereby permitted beyond oversight, the approval of the Local Planning Authority is required to a landscaping and biodiversity strategy, to include interpreted information from Local Environment Record Centre record search, a biodiversity scheme and management plan, a landscaping scheme and tree planting scheme for the site indicating, inter alia, the number, species, heights on planting and positions of all the trees, together with details of post-planting maintenance. Such scheme as is approved by the Local Planning Authority shall be carried out and completed in its entirety during the first planting season following practical completion of the development. All trees, shrubs and bushes shall be maintained by the owner or owners of the land on which they are situated for the period of five years beginning with the date of completion of the scheme and during that period all losses shall be made good as and when necessary.

Swift nest bricks and bat boxes shall be incorporated within the external walls of the development hereby approved and shall be retained thereafter, in accordance with the biodiversity strategy.

Note: The applicant is recommended to employ a qualified and experienced landscape designer to produce a biodiversity strategy and landscaping scheme for the development.

Reason: To ensure that the development is adequately landscaped, in the interests of its visual amenity and that of the area in which it is set.

This Condition is imposed in accordance with Policies 2, 3 and 28 of the South East Lincolnshire Local Plan, 2019.

- 5 Where trees are identified within the landscaping strategy to be retained on site they shall be protected during construction work as follows:

i) chestnut pale or similar fencing 1.5 metres in height shall be provided around the trees to be retained before development is commenced at a minimum distance from the trunks equal to the spread of the crowns of the trees. No materials, equipment, site huts, fuels or other items shall be placed or stored within the areas enclosed by the fencing so erected and the ground levels within those areas shall not be altered, nor shall any excavation be made,

ii) no burning of materials or other items shall take place within 3 metres of the crown spread of any of the trees to be retained;

iii) no services shall be routed under the spread of the crowns of the trees to be retained;

iv) no retained tree shall be cut down, up-rooted, destroyed, topped or lopped unless first agreed in writing by the Local Planning Authority;

v) if any tree which is to be retained dies or is to be removed it shall be replaced within six months thereafter with a tree of such size and species which shall be first be agreed in writing by the Local Planning Authority.

Reason: To ensure the protection of trees on the site.

This Condition is imposed in accordance with Policies 2, 3 and 28 of the South East

Lincolnshire Local Plan, 2019 and national guidance contained in Section 15 of the National Planning Policy Framework, 2021.

- 6 Prior to its installation, details of the proposed boundary treatments, including a schedule of fencing levels, heights and materials, and details of the size and species of any hedging, shall be submitted to and approved in writing by the Local Planning Authority, and the details so approved shall be implemented in full before the development is first brought into use and retained thereafter.

The submission shall be supported by cross-sectional drawings showing the relationship with adjoining uses and buildings to enable the Local Planning Authority to be satisfied that sufficient mitigation measures shall be put in place.

Reason: In the interests of the character and appearance of the development and the amenity of the area in which it is set including the amenity of nearby occupiers.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

- 7 A management plan for the areas of publicly accessible open space and any outdoor play areas, including management responsibilities and maintenance schedules, shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of the development hereby permitted beyond oversite. The management of these areas shall be carried out in accordance with the details so approved.

Reason: To ensure that adequate open space provision is made available for the occupiers of the development hereby permitted and that provision is made for the management and maintenance of the open space.

This Condition is imposed in accordance with Policy 32 of the South East Lincolnshire Local Plan, 2019.

- 8 No development shall take place until a written scheme of archaeological investigation has been submitted to and approved in writing by the Local Planning Authority. This scheme should include the following and should be in accordance with the archaeological brief supplied by the Lincolnshire County Council Historic Environment advisor on behalf of the Local Planning Authority:

1. An assessment of significance and proposed mitigation strategy (i.e. preservation by record, preservation in situ or a mix of these elements).
 2. A methodology and timetable of site investigation and recording
 3. Provision for site analysis
 4. Provision for publication and dissemination of analysis and records
 5. Provision for archive deposition
 6. Nomination of a competent person/organisation to undertake the work
 7. The scheme to be in accordance with the Lincolnshire Archaeological Handbook.
- The archaeological site work shall only be undertaken in accordance with the approved written scheme.

Reason: To ensure the preparation and implementation of an appropriate scheme of archaeological mitigation in accordance with national guidance contained in Section 16 of the National Planning Policy Framework, 2021. This issue is integral to the development

and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019.

- 9 The applicant shall notify the Lincolnshire County Council Historic Environment Department in writing of the intention to commence at least fourteen days before the start of archaeological work required in connection with Condition 8 above in order to facilitate adequate monitoring arrangements.

Reason: To ensure satisfactory archaeological investigation and retrieval of archaeological finds in accordance with national guidance contained in Section 16 of the National Planning Policy Framework, 2021.

This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019.

- 10 A copy of the final report required in connection with Condition 8 above shall be submitted within three months of the work being carried out to the Local Planning Authority and the Lincolnshire Historic Environment Record. The material and paper archive required as part of the written scheme of investigation shall be deposited with an appropriate archive in accordance with guidelines published in The Lincolnshire Archaeological Handbook.

Reason: To ensure satisfactory arrangements are made for the recording of possible archaeological remains in accordance with national guidance contained in Section 16 of the National Planning Policy Framework, 2021.

This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019.

- 11 The development hereby permitted shall be carried out in accordance with the measures set out in the Flood Risk Assessment MA11419/FRA/R02 June 2021 forming part of this planning application, unless otherwise agreed in writing by the Local Planning Authority, in particular the following measures shall be fully implemented before the property is first occupied:

- the finished floor levels shall be set 500mm above the existing site levels

Reason: To ensure that the development does not increase the risk of flooding or be at risk of flooding.

This Condition is imposed in accordance with Policies 3 and 4 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 14 of the National Planning Policy Framework, 2021.

- 12 Before the commencement of the development hereby granted beyond oversight, full details of the means of surface water disposal shall be submitted to and approved in writing by the Local Planning Authority. The details so approved shall be implemented in full before the development hereby permitted is first brought into use.

Surface Water drainage for the site shall be designed to accommodate the 1 in 100 year event storm scenarios including a 40% allowance for climate change without any flood waters leaving the development site and no flood waters leaving the site boundary, in accordance with Flood Risk Assessment MA11419/FRA/R02 June 2021

Reason: To ensure that the site is adequately drained, to avoid pollution, and to prevent increased risk of flooding.

This Condition is imposed in accordance with Policies 2, 3 and 30 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 14 of the National Planning Policy Framework, 2021.

- 13 Before any dwelling is occupied, all of that part of the estate road and associated footways that forms the junction with the main road and which will be constructed within the limits of the existing highway, shall be laid out and constructed to finished surface levels in accordance with details to be submitted to, and approved in writing by, the Local Planning Authority.

Reason: In the interests of safety, to avoid the creation of pedestrian trip hazards within the public highway from surfacing materials, manholes and gullies that may otherwise remain for an extended period at dissimilar, interim construction levels.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

- 14 The permitted development shall be undertaken in accordance with an Estate Road Phasing and Completion Plan, which shall first be approved in writing by the Local Planning Authority. The Plan shall set out how the construction of the development will be phased and standards to which the estate roads on each phase will be completed during the construction period of the development.

Reason: To ensure that a safe and suitable standard of vehicular and pedestrian access is provided for residents throughout the construction period of the development.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

- 15 Notwithstanding Construction Management Plan 127-CMP-01, a detailed scheme of construction management to minimise disturbance during the construction process through noise, dust, vibration and smoke and specifically outlining how surface water will be managed during construction of the development site shall be submitted to and approved in writing by the Local Planning Authority before the development commences and the construction process shall be carried out in accordance with the scheme so approved. The Construction Management Plan and Method Statement shall include;

- phasing of the development to include access construction;
- the parking of vehicles of site operatives and visitors;
- loading and unloading of plant and materials;
- storage of plant and materials used in constructing the development;
- wheel washing facilities;
- the routes of construction traffic to and from the site including any off site routes for the disposal of excavated material and;
- strategy stating how surface water run off on and from the development will be managed during construction and protection measures for any sustainable drainage features. This should include drawing(s) showing how the drainage systems (permanent or temporary) connect to an outfall (temporary or permanent) during construction.

The Construction Management Plan and Method Statement shall be strictly adhered to throughout the construction period.

No burning shall be allowed on site during construction.

Reason: In the interests of the amenity of local residents and to ensure that the permitted development is adequately drained without creating or increasing flood risk to land or property adjacent to, or downstream of, the permitted development during construction and to ensure that suitable traffic routes are agreed.

This Condition is imposed in accordance with Policies 2, 3 and 4 of the South East Lincolnshire Local Plan, 2019.

- 16 Details of the precautions to be taken to prevent the deposit of mud on public highways by vehicles travelling from the site during construction of the development shall be submitted to and approved in writing by the Local Planning Authority before the development commences. These facilities shall include the provision of wheel washing facilities where considered necessary by the Local Planning Authority. These precautions shall be made available before commencement of the construction of the development and be kept available and in full working order until such time as the Local Planning Authority agrees in writing to their withdrawal or the completion of the development.

Reason: In the interests of highway safety during the construction process. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.

This Condition is imposed in accordance with Policy 3 of the South East Lincolnshire Local Plan, 2019.

- 17 Before the commencement of the development hereby permitted beyond oversite a schedule of external materials of construction of buildings and hard surfaced areas shall be submitted to and approved in writing by the Local Planning Authority. The development shall be constructed in accordance with the materials so approved.

Reason: To ensure that the Local Planning Authority retains control over the external materials of construction of the development in the interests of the character and appearance of the development and the visual amenity of the area in which it is set.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

- 18 During the construction of the development no tree or shrub felling, lopping or clearance shall take place between mid-February and the end of July.

Reason: To ensure that birds and their nests are protected during the nesting season.

This Condition is imposed in accordance with national guidance contained in Section 15 of the National Planning Policy Framework, 2021.

- 19 The water consumption of each dwelling hereby permitted should not exceed the requirement of 110 litres per person per day (as set out as the optional requirement in Part G of the Building Regulations 2010 and the South East Lincolnshire Local Plan, 2019). The person carrying out the work must inform the Building Control Body that this duty applies. A notice confirming the requirement for the water consumption has been met shall be submitted to the Building Control Body and Local Planning Authority, no later than

five days after the completion of each individual dwelling.

Reason: To protect the quality and quantity of water resources available to the district. This Condition is imposed in accordance with Policy 31 of the South East Lincolnshire Local Plan, 2019.

Notes:

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and by identifying matters of concern within the application and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at <http://planning.sholland.gov.uk/OcellaWeb/planningSearch>

The applicant is reminded that it is an offence under the wildlife and Countryside Act, 1981 (as amended) to kill, injure, or take (handle) any protected species occupying a place of shelter or protection and also to take, damage or destroy the nest of any wild bird while that nest is in use or being built. If evidence of bats is found before or whilst the work is carried out you are advised to contact Natural England at their Lincoln office (telephone 03000 603900).

This planning permission is subject to an Agreement under Section 106 of the Town & Country Planning Act 1990 dated 2 February 2022 and can only be implemented as a consequence of meeting the provisions of that Agreement

In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported immediately to Environmental Health. An investigation and risk assessment must be undertaken in accordance with details to be agreed with Environmental Health. Where remediation is necessary, a remediation scheme must be submitted to and approved in writing by Environmental Health. Following completion of measures identified in the approved remediation scheme a verification report shall be submitted to and approved by Environmental Health.

ANGLIAN WATER INFORMATIVES

(1) INFORMATIVE - Notification of intention to connect to the public sewer under S106 of the Water Industry Act Approval and consent will be required by Anglian Water, under the Water Industry Act 1991. Contact Development Services Team 0345 606 6087.

(2) INFORMATIVE - Notification of intention to connect to the public sewer under S106 of the Water Industry Act Approval and consent will be required by Anglian Water, under the Water Industry Act 1991. Contact Development Services Team 0345 606 6087.

(3) INFORMATIVE - Protection of existing assets - A public sewer is shown on record plans within the land identified for the proposed development. It appears that development proposals will affect existing public sewers. It is recommended that the applicant contacts Anglian Water Development Services Team for further advice on this matter. Building over existing public sewers will not be permitted (without agreement) from Anglian Water.

(4) INFORMATIVE - Building near to a public sewer - No building will be permitted within the statutory easement width of 3 metres from the pipeline without agreement from Anglian Water. Please contact Development Services Team on 0345 606 6087.

(5) INFORMATIVE: The developer should note that the site drainage details submitted have not been approved for the purposes of adoption. If the developer wishes to have the sewers included in a sewer adoption agreement with Anglian Water (under Sections 104 of the Water Industry Act 1991), they should contact our Development Services Team on 0345 606 6087 at the earliest opportunity. Sewers intended for adoption should be designed and constructed in accordance with Sewers for Adoption guide for developers, as supplemented by Anglian Water's requirements.

LCC HIGHWAY INFORMATIVES:

Where a footway is to be constructed on private land, that land must be dedicated to the Highway Authority as public highway.

All roads within the development hereby permitted must be constructed to an engineering standard equivalent to that of adoptable highways. Those roads that are to be put forward for adoption as public highways must be constructed in accordance with the Lincolnshire County Council Development Road Specification that is current at the time of construction and the developer will be required to enter into a legal agreement with the Highway Authority under Section 38 of the Highways Act 1980. Those roads that are not to be voluntarily put forward for adoption as public highways, may be subject to action by the Highway Authority under Section 219 (the Advance Payments code) of the Highways Act 1980. In all cases, the developer is advised to undertake early discussions with statutory undertakers to co-ordinate the laying of utility services under the highway.

Please contact the Lincolnshire County Council Streetworks and Permitting Team on 01522 782070 to discuss any proposed statutory utility connections and any other works which will be required within the public highway in association with the development permitted under this Consent. This will enable Lincolnshire County Council to assist in the coordination and timings of these works.

The existing ground level of the site must not be raised above the ground level of any surrounding land without further consultation with the Lead Local Flood Authority and Local Planning Authority, to consider suitable mitigation measures to ensure that surface water flood risk is not created or increased to land adjacent to the permitted development.

In accordance with Section 59 of the Highways Act 1980, please be considerate of causing damage to the existing highway during construction and implement mitigation measures as necessary. Should extraordinary expenses be incurred by the Highway Authority in maintaining the highway by reason of damage caused by construction traffic, the Highway Authority may seek to recover these expenses from the developer.

Phil Norman
Planning Manager
South Holland District Council

BUILDING REGULATIONS:

This decision refers only to planning permission as granted under the Town and Country Planning Act 1990. The works that you are proposing may also require Building Regulations and this planning permission does not give authority under Building Regulations to commence work. Please contact the Building Control section for further information on 01775 764557 or bcadmin@sholland.gov.uk

RIGHTS OF APPEAL

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or grant consent subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Building and Conservation Areas) Act 1990.

Timescales for appealing

The deadlines for appeals are calculated from the **date of decision** and are as follows for the types of applications below:

12 Weeks	6 Months	8 Weeks
Householder Applications	Planning Permission	Consent to Display Adverts
Minor Commercial Development	Listed Building Consent	
Agricultural Determinations	Other Prior Approval Applications	
Householder Prior Approval Applications		

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**.

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice** OR **the timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the

Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under the order.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
