REQUIRED INFORMATION

LISTED BUILDINGS AND CONSERVATION AREAS

Applications for development affecting Listed Buildings and development in Conservation Areas will generally be required to contain drawings at these scales :-

Planning applications affecting Listed Buildings and Conservation Areas :

- 1:200 or 1:100 - where required to show, proposals relative to their surroundings.
- 1:50 - where required to show plans, elevations and sections.

Listed Building Consent :

- 1:100 - to show proposals relative to their surroundings.
- 1:50 - to show full survey plans and elevations (or photographs), including all main features.
- 1:50 - to show plans, elevations and sections, including all proposed changes.
- 1:20 - to show in detail with sections particular elements of a building or structure.
- 1:5 - at least to show construction detail.

Conservation Area Consent :

- 1:200 - to show proposals relative to their surroundings.
- 1:50 - where required, to show full survey plans and elevations (or photographs), including all main features.
- 1:50 - to show plans, elevations and sections, including all proposed changes.
- 1:20 - where required, to show in detail with sections particular elements of a building or structure.

All drawings and graphical conventions must be based upon British Standard 1192 - Construction Drawing Practice 1984. More detailed drawings and other information may be required when necessary to determine an application, but description and photographs may be accepted for the simplest works proposed.
