

NEW TREES TO BOUNDARY
Planted from any of the following species:
common, Black or European Alder, Arbutus Unedo or
Menziesii, Betula Penulda Birch, Jacquemontii or
willow.
- Spread to be $\frac{1}{2}$ standard

Planting to front to be low level bedding plants and wild flowers.

Following demolition of existing buildings the boundary treatments will be accessed on site to determine suitability. If appropriate boundary treatments are in situ they will be repaired and retained. If there are no suitable boundary treatments they will be replaced with 1.8m timber fence panels.
