Certificate of Conformity

Guarantee

The engineering experience of Acrefield Solution Ltd backs up the quality products we supply, which are manufactured and tested to comply with the most demanding specifications.

Factory and site tests carried out by Acrefield Solution Ltd show that the welding system produces a homogenous membranes system. The gas membrane has been manufactured and tested to standards stated in the current literature and data sheets.

Guarantee of Material and Installation by Acrefield Solution Ltd

All materials supplied and fitted by Acrefield Solution Ltd employees are installed in accordance with our standard working procedures, construction drawings and all written instructions from the original purchaser. When installed and subject to normal conditions of use, the membranes will provide and effective barrier which will be substantially impervious to the transmission of gas vapour.

The foregoing representations are subject to the following conditions:

i. The gas membrane is required to have been supplied and installed by Acrefield Solution Ltd.

ii. The site preparation in all aspects must have been carried out in accordance with the standard contract terms and conditions of Acrefield Solution Ltd and site preparation must be accepted by Acrefield Solution Ltd prior to installation.

iii. The membrane must not have been damaged in anyway including but not limited to physical or chemical impact.

iv. WLS must be given full access to the installation about which a claim has been made, with a view to identifying the matter complained of. Exposure of the membrane and covering it up will not be at Acrefield Solution Ltd's expense.

v. Any guarantee of gas membrane material is limited by the exclusion clauses contained in the standard conditions of sale of Acrefield Solution Ltd.

If the membrane is altered in anyway after installation, this must be reported to Acrefield Solutions Ltd, so that works can be carried out to maintain the integrity of the gas membrane – costs to be confirmed.

Failure to do so could nullify this guarantee.
