All materials to be new unless otherwise stated and all components and materials etc. to be fitted and installed etc. in strict accordance with manufacturers instruction and relevant codes and practices. Materials shall conform to appropriate British standard specification or BSA certified European code equivalent. The Employer / Client shall ensure that the selected contractor is conversant with and adopts all measures necessary to achieve compliance with Health and Safety legislation for Building sites and Work places. The Employer / Client is advised that should the need to comply with the Construction Design and Management Regulations an independent Planning Supervisor will be required. The Employer will confirm if that is shown on the drawings and details. Work that is not explicitly shown but may be required is informed as necessary in the margin of the weekly site file to develop the building.
