I have reviewed the reviewed the remediation strategy 'D41012 Rev B Remediation Strategy & Verification Plan by GeoDyne Limited dated 28 April 2023' with respect to zone 4 and am in agreement with the proposal.

I have reviewed the following letter reports and am in general agreement with the findings:
D41012/DL/Rev.A Capping Validation Letter Report dated 12 January 2024 by GeoDyne Limited - Zone 4 - Plots 74 to 77

D41012/DL Capping Validation Letter Report dated 12 January 2024 by GeoDyne Limited - Zone 4 - Plots 78 to 80

I recommend discharge of condition 4 of H09-0613-21 for those specific plots only (74-80)

I have previously (email 10/1/24) commented on plots 67-70, please can those comments be uploaded to the portal.

I look forward to receipt of the validation for those plots still outstanding in due course. For clarity, that is plots 7-24, 35,36 (Zone 1) & plot 81, (Zone 4).
