(NORTH

The map is a technical site plan of a residential development. It features a central cluster of houses, some of which are highlighted in red. A road, labeled 'WELBY GARDENS', runs through the middle of the cluster. A 'Drain' is shown running along the top and right sides of the main house cluster. A specific house is highlighted in red and labeled 'SITE' with a leader line. Other features include 'BM 3.74m' (Benchmark 3.74 meters), 'SPALDING ROAD' (a circular road in the top right), and a circular feature in the top right corner. The map also shows various other buildings and structures, including a large building on the left and a smaller building on the right. The overall layout suggests a planned residential area with a central road and surrounding buildings.
