HERITAGE IMPACT ASSESSMENT STATEMENT

for
PROPOSED REPLACEMENT WINDOWS AND SHOP FRONT FROM WHITE UPVC TO PAINTED TIMBER
at
12 - 14 WEST END HOLBEACH
SPALDING PE12 7LW

FOR

MR SCOTT PARNELL
HOME FROM HOME CARE SERVICES

This period building in the last few years has been subject to window and shop front replacement that used UPVC and retrospectively got refused Planning as a result. This application is to address that issue by proposing period windows sliding sash in timber painted white and a timber shopfront.

This will address the issue and enhance the overall character of the area.
