24th December 2002

And it is determined application

Dear Sirs

Re: Planning Permission reference H09/1050/02

As per my telephone conversation with your office on the 19th December 2002, the specification for external face brickwork requires variation based on availability and cost.

The revision will see recycling of the existing face bricks for the front elevation and a contrasting red brick to all other elevations. A consequential benefit is that the proposed contrasting brick will be a superior grade brick. The "contrast" will only represent a minimal variation in colour and texture to avoid the more obvious "poor match" scenario.

I have understood that letter will provide sufficient notice but please do contact me should you require further information.

Yours faithfully

Andrew J Brook
