TOWN AND COUNTRY PLANNING ACT 1990
WORKS TO A PRESERVED TREE

Reference: H09-1122-19 **Date of Decision:** 16th December 2019

Applicant: Mrs B Anderson
Rainbows End
St Marks Road
Holbeach St Marks
Spalding Lincs
PE12 8DZ

Location: Rainbows End St Marks Road Holbeach St Marks Spalding

Description: Works to Holbeach St Marks Tree Preservation Order No 3 1990

Detailed Description:

Application to remove a sycamore on the frontage of Rainbows End, St. Marks Road, Holbeach Saint Marks. The sycamore is identified as T5 of Holbeach St Marks Tree Preservation Order No 3 1990.
'T5 Ivy covered stump starting to split (could fall into road or onto someone).'

South Holland District Council hereby give notice that this application has been GRANTED (or equivalent) subject to the following condition(s):

1 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree Work'.

2 The resulting stump of the tree should be ground out to at least 300mm below ground level, unless otherwise agreed with the District Council, to help reduce the risk of the stump harbouring decay fungi which could infect nearby trees.

Notes:

The necessary consent of all other interested parties should be obtained before the works proceed.

In this case the duty of the landowner is to plant another tree, of an appropriate size and species, at the same place and as soon as reasonably possible.

It is recommended that the tree(s) are replaced with either a further sycamore, a Norway maple, a hornbeam, a whitebeam or a maiden hair tree of at least 1.5 metres high on planting as near as reasonably practicable to the position of the original tree within a period of twelve months.

Modifications to the details may be agreed with the Local Planning Authority.

Please inform the Local Planning Authority as soon as replanting has taken place and indicate the position of the replacement tree. Section 207 of the Town and Country Planning Act 1990 empowers this Authority to issue a Notice formally requiring replacement trees to be planted.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England on Tel: 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England on Tel: 03000 603900 before works proceed.
