Dear Sir/Madam

Suggested Amendment to Application - Request for Further Time

It has been suggested that changes to your proposal are desirable. Because we may need to repeat certain procedures as a result of the amendment, should you agree to it, the period which the Authority has to determine the application will need to be extended, based on the date of receipt of the amendment. It may not necessarily take that length of time to reach a decision, of course.

Should you submit amended details, please complete the attached amendment forms so that we may process the submission without delay; and at the same time return this letter indicating your agreement to the extra period. If I do not hear from you within two weeks, I shall have to determine the application as originally submitted, so if there may be a delay in supplying the amended details, please let me know.

On the other hand, if you do not agree to making the changes suggested, or to the extension of time, please let me know by returning this letter with the reply section completed appropriately, and your application will then be determined as originally submitted.

Yours faithfully

B SMITH MRTPI
Director of Planning & Building Control Services

*I agree to an extension of time to eight weeks after the date of submission of amended details.

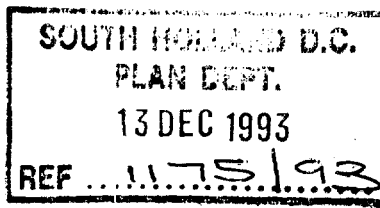

or

~~*I do not agree to the amendment suggested or to an extension of time.~~

Description: Erection of three bedroom bungalow and garage

Location : Jekil's Bank Holbeach St Johns
Spalding Lincs

South Holland District Council hereby give notice that PERMISSION HAS BEEN GRANTED for the development in accordance with the application and plans submitted, subject to any condition(s) set out below:

- 1 The development must be begun not later than the expiration of five years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990.

- 2 Before any development is commenced, a scheme of landscaping and tree planting for the site, including details of positions, heights on planting and species of trees and shrubs, shall be submitted to and approved by the Local Planning Authority.

Reason: In the interests of visual amenity.

- 3 The approved scheme of landscaping and/or screening shall be carried out in its entirety within a period of two years beginning with the date on which development of the land is commenced. The trees, shrubs or bushes shall be adequately maintained by the owner(s) of the land on which they are situated for a period of ten years beginning with the date of completion of the scheme, and all losses shall be made good during that period.

Reason: In the interests of visual amenity and to ensure that the approved scheme is implemented satisfactorily.

- 4 Before the vehicular access is commenced to be used the access and turning facility shall be provided on site in accordance with the plan accompanying the application.

Reason: To enable vehicles to enter and leave the highway in forward gear in the interests of road safety.

- 5 Before the dwelling is occupied a footway shall be constructed along the site's frontage in accordance with details to be submitted to and

approved by the Local Planning Authority.

Reason: To provide safe and adequate passage on foot for the residents and their visitors.

The landscaping scheme should include the provision of a frontage hedge of native species (e.g. hawthorn).

For the avoidance of doubt the approved materials are Butterley Kirton Old English Rose facing bricks and Sandtoft Rustic Red Double Pantiles.
