

We make a great team

A partnership of excellence is what we as your local company and REHAU give you, the customer.

Throughout this brochure, we have advised you to ask us for information. The reason? . . . Well, just as REHAU is an expert designer of window systems, so we are experienced in fabricating and/or installing made to measure windows.

As well as being on hand to help and advise you, we will almost certainly have installed windows in your area. Ask to see them. We may even have carried out an installation for someone you know.

The next step is yours.
Make it the right choice . . . make it REHAU.

Doors, Porches And Conservatories

Why not ask us for a brochure on any of our other PVC-U products? Possessing the same durability, increased security and low maintenance as your windows, all our products are available in different sizes and styles to suit your individual home.

Experience
a better choice

Windows make houses
