Dear Madam

Planning Application H10/1342/91 - Proposed landscaping for caravan and camping site, Vicarage Lane, Long Sutton

I refer to the above planning application submitted by yourself.

Unfortunately, a scaled plan is also required showing the actual positions, types and heights of the trees/shrubs in question. I will be pleased to receive two copies in due course, therefore, so that I am in a position to proceed with the application.

Dear Sirs,

Re: H10/1393/88

With reference to condition No.6 on the above Planning Permission regarding the landscaping and/or screening of the above Caravan site, we wish to advise you that the area to be screened has now been laid to Conifer trees of which 1,000 have been planted at different intervals many of which are now 6-8foot tall, a few which were destroyed with the gales are not so high, but the whole of the boundary has been done, we also have three Willow trees and many, many shrubs.

Given another two or three years we reckon that all of the trees and shrubs will be at a height where ALL of the Caravans (which we hope we will have on site) will be hidden from sight of the roadway.

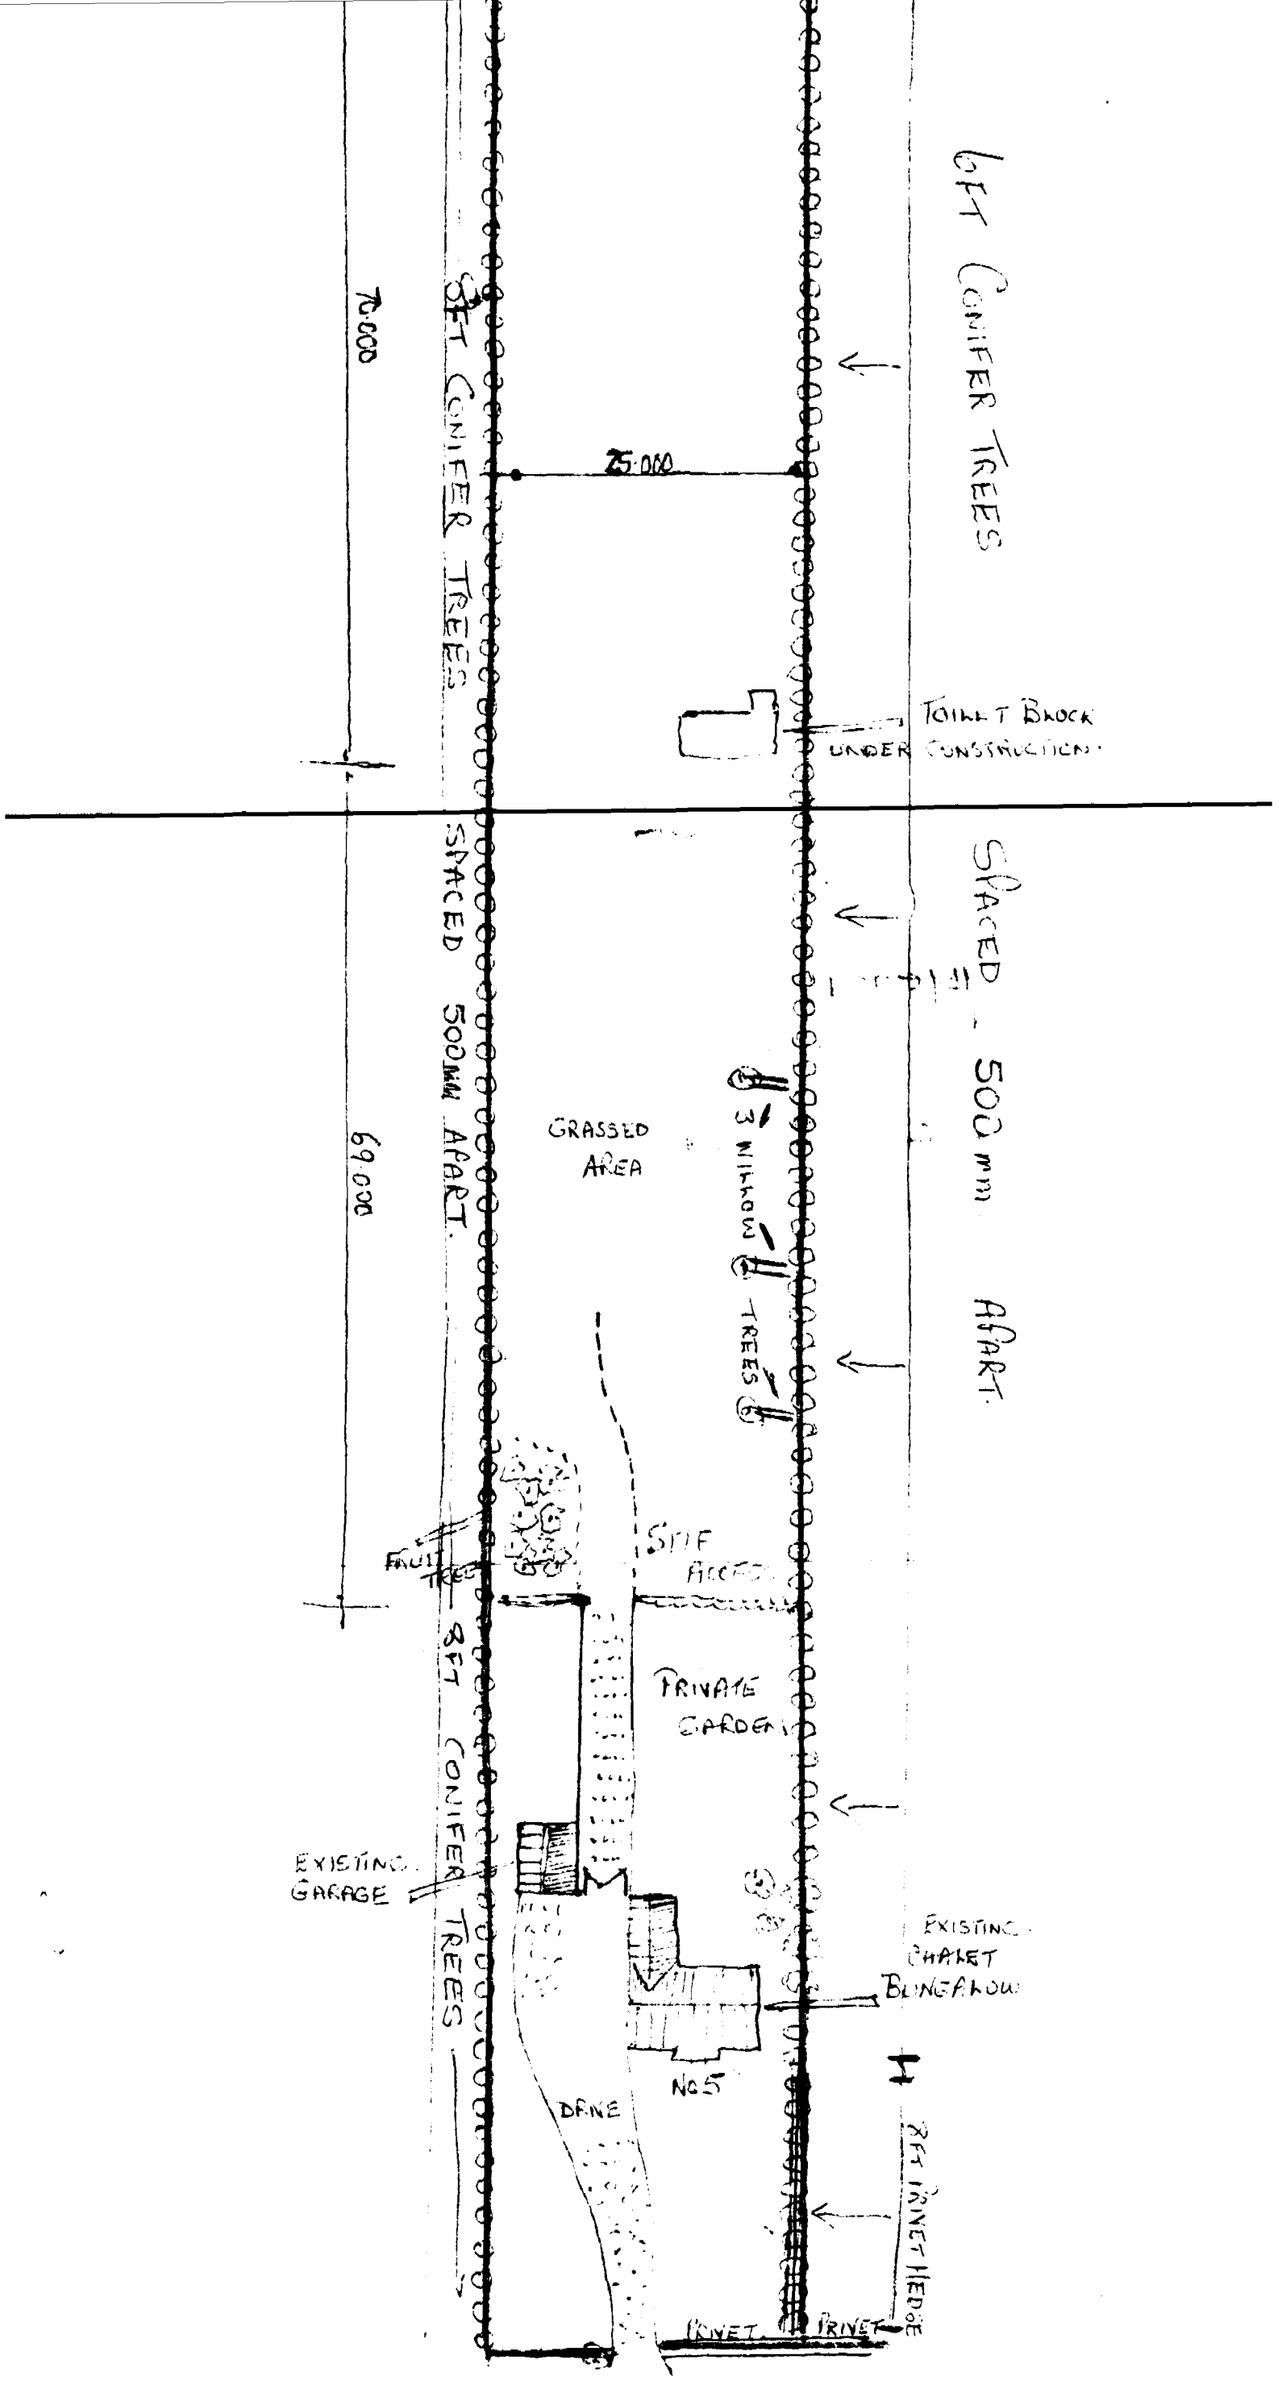

We hope that this will meet with your approval.

Yours faithfully,

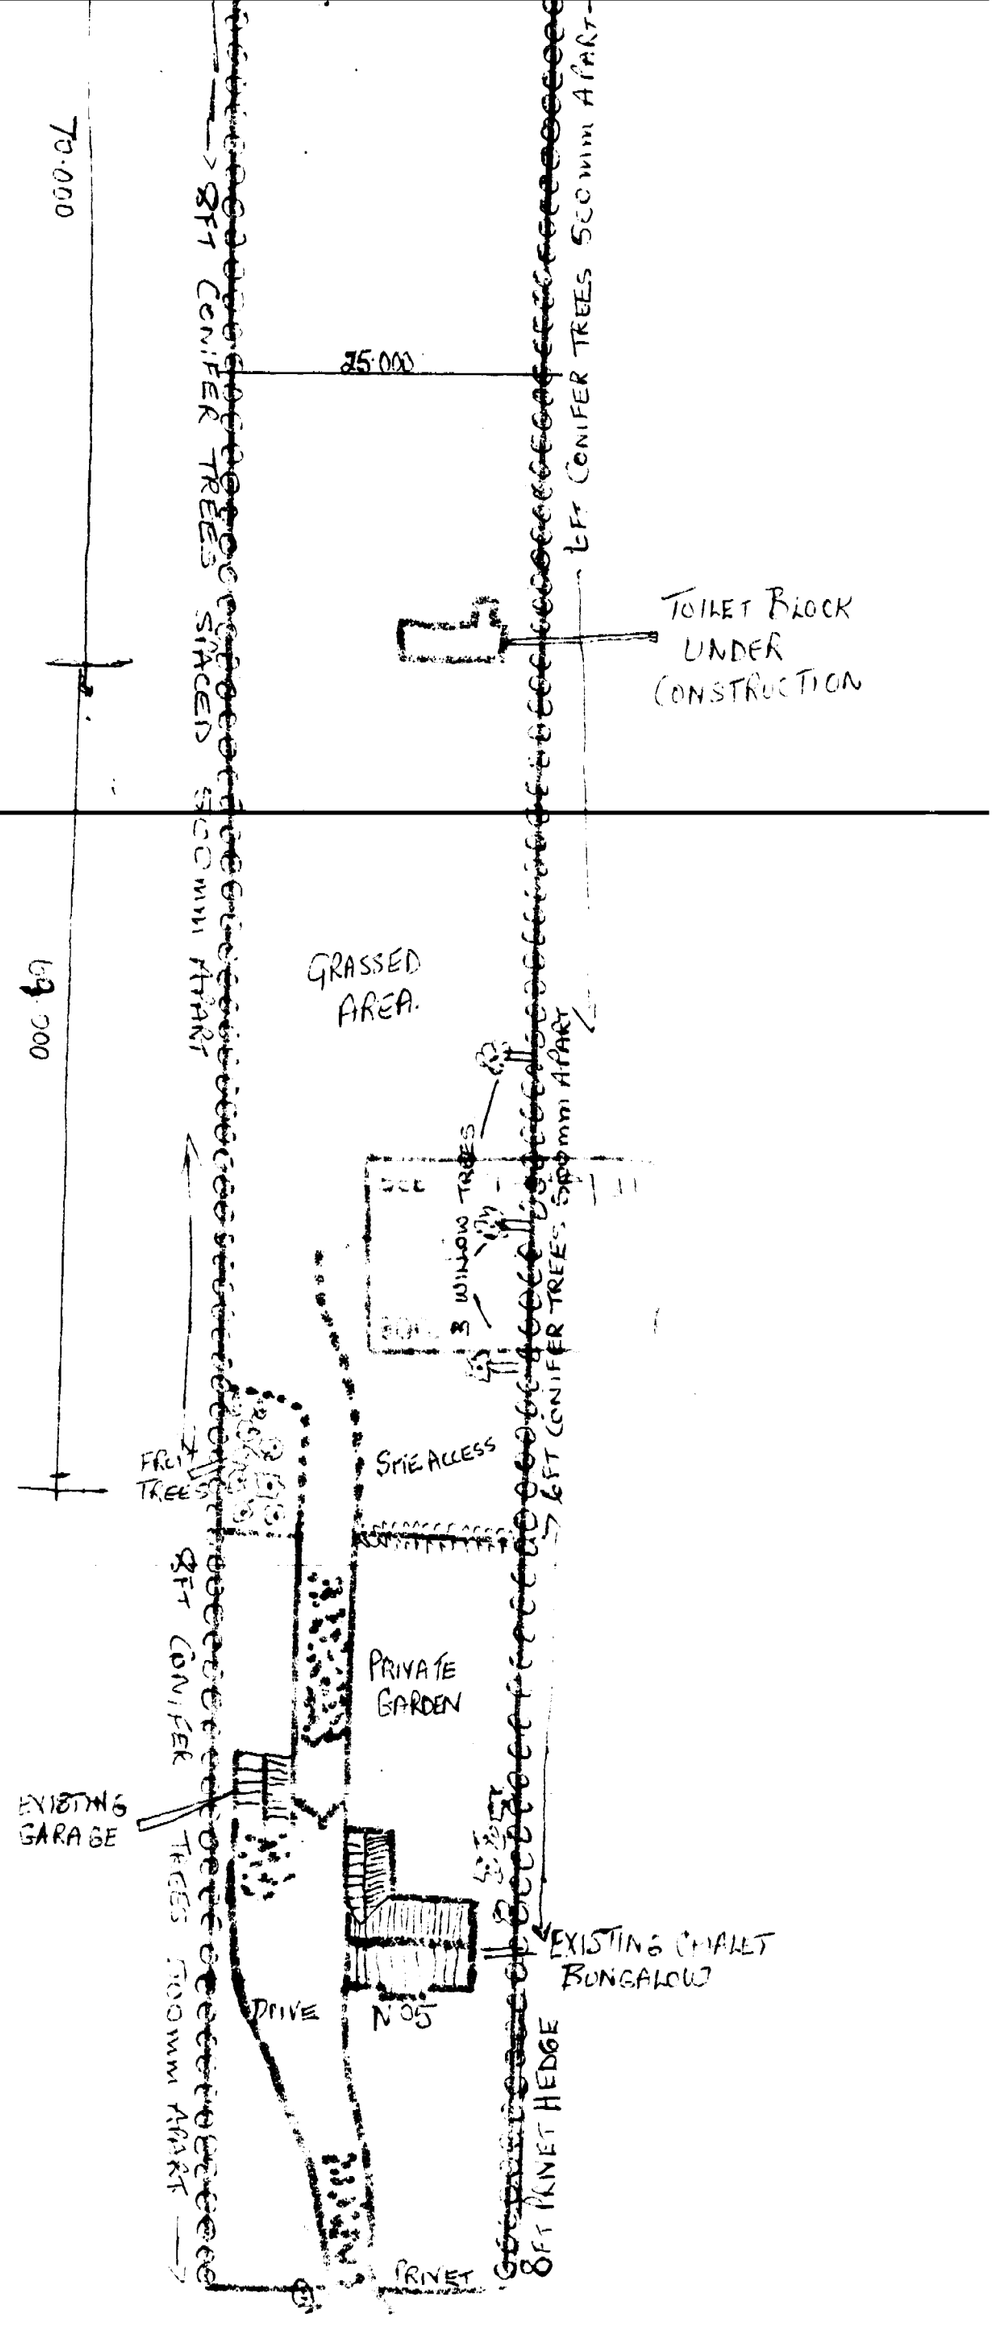

A.J. Dungate
