Noise Exposure Record

Company: **RK Wilson Builders Ltd**

Survey Reference:	BR02	**Revision:**	1

Survey Made By:	**Andy Grannell** CMIOSH
Date:	23 February 2018
Reassess Date:	Annually/Change of Process
Site:	London Road
Location:	Long Sutton
Equipment Surveyed:	BREAKERS C.P CP9

Survey Results

Workplace No People Exposed:	**Operative using breaker and those in close vicinity**
Noise Level (sound level or Leq(s)):	**107**
Daily Exposure period (Hrs):	**8**
LEP,d dB(A):	**107**
Peak Pressure (where appropriate)	**0**

Control Measures Required:

Ear protection must be worn
Protect other workers by distance
Identify area with appropriate warning signs.
Identify machine with warning signs

Noise Exposure Record

Company: **RK Wilson Builders Ltd**

Survey Reference:	DR05	**Revision:**	3

Survey Made By:	**Andy Grannell** CMIOSH
Date:	23 February 2018
Reassess Date:	Annually/Change of Process
Site:	London Road
Location:	Long Sutton
Equipment Surveyed:	HAMMER DRILL UNKNOWN MAKE

Survey Results

Workplace No People Exposed:	**Operative using hammer drill**
Noise Level (sound level or Leq(s)):	**110**
Daily Exposure period (Hrs):	**8**
LEP,d dB(A):	**110**
Peak Pressure (where appropriate)	**0**

Control Measures Required:

Identify area with appropriate warning signs
Ear protection must be worn
Protect other workers by distance
Identify machine with appropriate warning signs

Noise Exposure Record

Company: **RK Wilson Builders Ltd**

Survey Reference:	DT06	**Revision:**	3

Survey Made By:	**Andy Grannell** CMIOSH
Date:	23 February 2018
Reassess Date:	Annually/Change of Process
Site:	London Road
Location:	Long Sutton
Equipment Surveyed:	DUMPER: THWAITES 5 TON

Survey Results

Workplace No People Exposed:	**Operator**
Noise Level (sound level or Leq(s)):	**99**
Daily Exposure period (Hrs):	**8**
LEP,d dB(A):	**99**
Peak Pressure (where appropriate)	**0**
Control Measures Required:	

Identify area with appropriate warning signs
Ear protection must be worn
Protect other workers by distance
Identify machine with appropriate warning signs

Noise Exposure Record

Company: **RK Wilson Builders Ltd**

Survey Reference:	EX01	**Revision:**	2

Survey Made By:	**Andy Grannell** CMIOSH
Date:	23 February 2018
Reassess Date:	Annually/Change of Process
Site:	London Road
Location:	Long Sutton
Equipment Surveyed:	EXCAVATOR – 2 TONNE MINI EXCAVATOR

Survey Results

Workplace No People Exposed:	**Operative using machine and others in vicinity**
Noise Level (sound level or Leq(s)):	**83**
Daily Exposure period (Hrs):	**8**
LEP,d dB(A):	**83**
Peak Pressure (where appropriate)	**0**

Control Measures Required:

Hearing protection must be made available but not mandatory to be worn

Noise Exposure Record

Company: **RK Wilson Builders Ltd**

Survey Reference:	EX14	**Revision:**	2

Survey Made By:	**Andy Grannell** CMIOSH
Date:	23 February 2018
Reassess Date:	Annually/Change of Process
Site:	London Road
Location:	Long Sutton
Equipment Surveyed:	EXCAVATOR – HITACHI 360 120

Survey Results

Workplace No People Exposed:	**Operative using machine and others in vicinity**
Noise Level (sound level or Leq(s)):	**83**
Daily Exposure period (Hrs):	**8**
LEP,d dB(A):	**83**
Peak Pressure (where appropriate)	**0**
Control Measures Required:	

Hearing protection must be made available but not mandatory to be worn

Noise Exposure Record

Company: **RK Wilson Builders Ltd**

Survey Reference:	FL04	**Revision:**	2

Survey Made By:	**Andy Grannell** CMIOSH
Date:	23 February 2018
Reassess Date:	Annually/Change of Process
Site:	London Road
Location:	Long Sutton
Equipment Surveyed:	FORKLIFT - JCB 530 TELESCOPIC

Survey Results

Workplace No People Exposed:	**Plant operator**
Noise Level (sound level or Leq(s)):	**84**
Daily Exposure period (Hrs):	**8**
LEP,d dB(A):	**84**
Peak Pressure (where appropriate)	**0**
Control Measures Required:	

Hearing protection must be made available but not mandatory to be worn

Noise Exposure Record

Company: **RK Wilson Builders Ltd**

Survey Reference:	GN10	**Revision:**	2

Survey Made By:	**Andy Grannell** CMIOSH
Date:	23 February 2018
Reassess Date:	Annually/Change of Process
Site:	London Road
Location:	Long Sutton
Equipment Surveyed:	GENERATOR - UNKNOWN MAKE

Survey Results

Workplace No People Exposed:	**Site operatives in vicinity**
Noise Level (sound level or Leq(s)):	**104**
Daily Exposure period (Hrs):	**8**
LEP,d dB(A):	**104**
Peak Pressure (where appropriate)	**0**

Control Measures Required:

Identify area with appropriate warning signs
Ear protection must be worn
Protect other workers by distance
Identify machine with appropriate warning signs

Noise Exposure Record

Company: **RK Wilson Builders Ltd**

Survey Reference:	GR02	**Revision:**	2

Survey Made By:	**Andy Grannell** CMIOSH
Date:	23 February 2018
Reassess Date:	Annually/Change of Process
Site:	London Road
Location:	Long Sutton
Equipment Surveyed:	4” ANGLE GRINDER

Survey Results

Workplace No People Exposed:	**Operative using angle grinder**
Noise Level (sound level or Leq(s)):	**82**
Daily Exposure period (Hrs):	**8**
LEP,d dB(A):	**82**
Peak Pressure (where appropriate)	**0**
Control Measures Required:	

Hearing protection must be made available but not mandatory to be worn

Noise Exposure Record

Company: **RK Wilson Builders Ltd**

Survey Reference:	GR03	**Revision:**	2

Survey Made By:	**Andy Grannell** CMIOSH
Date:	23 February 2018
Reassess Date:	Annually/Change of Process
Site:	London Road
Location:	Long Sutton
Equipment Surveyed:	GRINDERS - 9”/12” ANGLE GRINDER

Survey Results

Workplace No People Exposed:	**Operatives using grinders and those in near vicinity**
Noise Level (sound level or Leq(s)):	**90**
Daily Exposure period (Hrs):	**8**
LEP,d dB(A):	**90**
Peak Pressure (where appropriate)	**0**

Control Measures Required:

Identify area with appropriate warning signs
Ear protection must be worn
Protect other workers by distance
Identify machine with appropriate warning signs

Noise Exposure Record

Company: **RK Wilson Builders Ltd**

Survey Reference:	MX01	**Revision:**	
Survey Made By:	**Andy Grannell** CMIOSH		
Date:	23 February 2018		
Reassess Date:	Annually/Change of Process		
Site:	London Road		
Location:	Long Sutton		
Equipment Surveyed:	4/3 Electric		

Survey Results

Workplace No People Exposed:	**Operative using machine and others in immediate vicinity**
Noise Level (sound level or Leq(s)):	**72**
Daily Exposure period (Hrs):	**8**
LEP,d dB(A):	**72**
Peak Pressure (where appropriate)	**0**

Control Measures Required:

No measures necessary – below first action level

Noise Exposure Record

Company:	**RK Wilson Builders Ltd**

Survey Reference:	SA06	**Revision:**	2
Survey Made By:	**Andy Grannell** CMIOSH		
Date:	23 February 2018		
Reassess Date:	Annually/Change of Process		
Site:	London Road		
Location:	Long Sutton		
Equipment Surveyed:	STIHL SAW 12" PETROL		

Survey Results

Workplace No People Exposed:	**1no operative operating saw operatives in near vicinity**
Noise Level (sound level or Leq(s)):	**102**
Daily Exposure period (Hrs):	**8**
LEP,d dB(A):	**102**
Peak Pressure (where appropriate)	**0**

Control Measures Required:

Identify area with appropriate warning signs
Ear protection must be worn
Protect other workers by distance
Identify machine with appropriate warning signs
