For/Against	Comments

I request the contaminated land condition for this application in order to protect the end user. I would also like to express our concerns about introducing caravans/cottages to a site adjacent to a restaurant/takeaway with drivethrough which has permission to operate 24 hours a day 7 days a week. The operation of the restaurant could cause a noise nuisance to people on the proposed site. We have had complaints about noise coming from drive through speakers at another site in the past and we could have the same issue here.
