No 33, 2006

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall ◉ Yes ○ No

Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')? ◉ Yes ○ No

If Yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application

We have been in regular contact with Diane Fairchild as we have been so concerned as to the level and size of branches that are fallen, please see attached the most recent photos we sent to Diane last week

5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

5. Identification of Tree(s) and Description of Works

- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:
- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

The tree in question is the Walnut tree, massive heavy branches fallen very irregularly and we have young children so we aren't allowing them to play in this section of the garden, the tree is also very close to our staff office and we of course worry for them too, we would like to remove the tree and plant another walnut elsewhere in the garden as our conversation with Diane was that it seems hugely effected by high winds so she did mention that this particular tree on our TPO could be in a wind tunnel

6. Tree Ownership

Is the applicant the owner of the tree(s)? (•) Yes ( ) No

7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent. ( ) Yes (•) No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

8. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☑
