Dear Jack

Subsidence Damage to House at Silverwood Nursery, Brownsgate, Longsutton

Further to my recent site visit I can confirm the house has suffered category 3 damage as defined by the Institute of Structural Engineers report-Subsidence of Low Rise Building – 2nd Edition. In my opinion this is a result of leaky drains. The damage will require some degree of re-building especially the right hand corner which has subsided, with some degree of underpinning here.

We trust this letter is sufficient for your present purposes but if you have any queries please do not hesitate to contact our offices.

Yours Faithfully
