TOWN AND COUNTRY PLANNING ACT 1990

WORKS TO A PRESERVED TREE

Reference: H11-0541-17 **Date of Decision:** 24th July 2017

Applicant: Mr Michael Cole
The Warren
16 Station Road
Long Sutton
Spalding Lincs
PE12 9BP

Location: The Warren 16 Station Road Long Sutton Spalding Lincs

Description: Works to Tree Preservation Order No. 2, 1966

Detailed Description:

Application to remove a dead previously pollarded horse chestnut tree which is located within the garden of The Warren, 16 Station Road, adjacent to the frontage. The tree is identified as T1 of Long Sutton Tree Preservation Order No. 2 1966.

South Holland District Council hereby give notice that this application has been GRANTED (or equivalent) subject to the following condition(s):

- 1 That the proposed work is carried out within two years of the date of this decision unless otherwise agreed with the District Council.
- 2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree Work'.
- 3 The resulting stump of the tree should be ground out to at least 300mm below ground level, unless otherwise agreed with the District Council, to help reduce the risk of the stump harbouring decay fungi which could infect nearby trees.

Notes:

The necessary consent of all other interested parties should be obtained before the works proceed.

In this case the duty of the landowner is to plant another tree, of an appropriate size and species, at the same place and as soon as reasonably possible.

It is recommended that the tree is replaced with one that has the potential to grow to a similar size to the original and is of moderate or low water demand; such as a species of horse chestnut (*Aesculus* sp.) or a hornbeam (*Carpinus betulus*). The replacement to be at least 1.5 metres in height on planting and as near as reasonably practicable to the position of the original tree within a period of twelve months.

Modifications to the details may be agreed with the Local Planning Authority.

Please inform the Local Planning Authority as soon as replanting has taken place and indicate the position of the replacement tree. Section 207 of the Town and Country Planning Act 1990 empowers this Authority to issue a Notice formally requiring replacement trees to be planted.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England at their Lincoln office on 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England at their Lincoln office on 03000 603900 before works proceed.
