Date (DD/MM/YYYY): (Must be pre-application submission)

Details of the pre-application advice received:

Advised that a planning application was necessary to reinstate the access to the lawful caravan site at the rear of The Hamber. text from email dated 21 June - I would suggest that the way forward may be a planning application for a site access over the adjacent land for an access and although I cannot give you any assurances on the approval of an application I cannot see any particular issues with an application as permission was granted before for an access from that highway in only a slightly different location. There is no issue with the use of the land as a caravan site and the Council is unlikely to raise issues with this in light of the original permission and the subsequent temporary permission for the use for power station workers and whether or not you feel a Certificate necessary to establish this is matter for you and your client.
