I wish to raise no objections to this proposal.

The proposed use of stud wall to subdivide the existing snooker room should be fully reversible should any future custodian of the property wish to restore the extant layout, and therefore, it is considered that no loss of significance is risked by this application.

Therefore, the case officer should continue to consider this application in accordance with all relevant Policy and guidance positions, including Policy 29 of the SELLP and S16 of the NPPF.
