CASE OFFICER ASSESSMENT

Proposal

This is a prior approval application for a larger home extension at 11 Midsummer Gardens, Long Sutton, Spalding.

The proposal is for a conservatory to the rear of the dwelling which would protrude 5 metres from the original rear wall of the dwelling and would measure 3.6 metres in width. It would have a maximum height of approx. 3.2 metres, with the eaves height being approx. 2.3 metres from ground level.

Site Description

The site location is within the settlement boundaries of Long Sutton as set out in the Inset Map 7 of South East Lincolnshire Local Plan, 2019. The surroundings are characterised by residential development. The most common house type is detached single-storey bungalow.

History

None.

Consultation Responses

None.

Planning Considerations

Para G of Class A, Part 1, Schedule 2 of the General Permitted Development Order 2015 (as amended) states that development would not be permitted if "the enlarged part of the dwellinghouse would have a single storey and (i) extend beyond the rear wall of the original dwellinghouse by more than 8 metres in the case of a detached dwellinghouse, or 6 metres in the case of any other dwellinghouse, or (ii) exceed 4 metres in height".

The property in question is a detached dwelling. The proposed conservatory would protrude 5 metres from the original rear wall of the building. It would have an Edwardian conservatory lantern roof with the highest point being approximately 3.2 metres above the ground level. Taking into account the considerations mentioned above, the proposed development complies with the requirements of large house extensions laid down in the General Permitted Development Order 2015 (as amended).

No representations have been received.

Conclusion

In light of the above considerations the proposal is considered to be in accordance with Class A of Part 1 of the General Permitted Development Order 2015 (as amended).

A delegated approval is considered to be appropriate.

Additional Considerations

Public Sector Equality Duty

In making this decision the Authority must have regard to the public sector equality duty (PSED) under s.149 of the Equalities Act. This means that the Council must have due regard to the need (in discharging its functions) to:

A. Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.

B. Advance equality of opportunity between people who share a protected characteristic and those who do not. This may include removing or minimising disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic; taking steps to meet the special needs of those with a protected characteristic; encouraging participation in public life (or other areas where they are underrepresented) of people with a protected characteristic(s).

C. Foster good relations between people who share a protected characteristic and those who do not including tackling prejudice and promoting understanding.

The protected characteristics are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The PSED must be considered as a relevant factor in making this decision but does not impose a duty to achieve the outcomes in s.149. It is only one factor that needs to be considered, and may be balanced against other relevant factors.

It is not considered that the recommendation in this case will have a disproportionately adverse impact on a protected characteristic.

Human Rights

In making a decision, the Authority should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as South Holland District Council to act in a manner that is incompatible with the European Convention on Human Rights. The Authority is referred specifically to Article 8 (right to respect for private and family life) and Article 1 of the First Protocol (protection of property).

It is not considered that the recommendation in this case interferes with local residents' right to respect for their private and family life, home and correspondence, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general public interest and the recommendation is considered to be a proportionate response to the submitted application based on the considerations set out in this report.
