other than a few at the hospital. The next constructive step would be to inform the other members of the coalition about the situation. But, as responsible for the problem, the coalition leader would not want to do this. The coalition leader would also like to be able to control the situation and coordinate with the other members of the coalition without being seen as the one who is in charge. The coalition leader would like to be able to control the situation and coordinate with the other members of the coalition without being seen as the one who is in charge. The coalition leader would like to be able to control the situation and coordinate with the other members of the coalition without being seen as the one who is in charge.
