Puppy for the kids: £56

(Never having to walk it, feed it
or clean up its little gifts: priceless)

There are some things money can't buy. For Christmas there's MasterCard.™

MasterCard

Not all batteries can be recharged in 15 minutes

VARTA

It doesn't have to take all night to recharge your batteries. With Varta's new Charge & Go system, your batteries are ready to use in only 15 minutes!* What's more, Charge & Go batteries can be re-used up to 1,000 times, saving you money compared to buying non-rechargeable batteries. So to recover your energy faster, look out for Charge & Go in-store now. Available in leading retailers.
