Dear Sirs

Re: External Materials - "The Sidings", Station Road (West), Long Sutton
Your Ref: H11/1120/95

Further to my telecom and meeting with Mr D Gedney last week.

Due to the consistent poor quality of Belton facing bricks currently being experienced (we are throwing out as many as we are using and those that we are using we are not happy with) we feel we have no option but to apply immediately for a revised schedule of external materials to be approved.

As has been demonstrated to Mr Gedney with samples, we have found some bricks of similar colours to those approved, there is no problem with the various colours of roof tiles currently in use on this project.

This is our only on-going project at the present time and due to the recession we have not erected many "spare" shells for follow-on trades after the bricklayer.

Therefore, to keep a workforce together, we need a very prompt reaction from yourselves and we reserve the right (reluctantly) to use the approved external materials on any work above ground that needs to be started before you notify us of you decision on this matter.

Thank you for your staff's continuing assistance. Please find enclosed the requisite amendment forms and details.

Yours faithfully

Dear Sir/Madam

RE-TREE PLANTING - PLOT 38, THE SIDINGS LONG SUTTON

Please find attached 'Planning Amendment' in respect of the above. which will hopefully meet with your approval.

We believe the substitution of Holly, Hawthorn & Flowering Cherry trees in lieu of silver Birch will be a positive enhancement, with the

Holly & Hawthorn providing a food source and nesting for garden birds.

Yours faithfully
J EQ
