

TF 42 SW | LONG SUTTON | VICARAGE LANE (north east side)

4/59 | Stable Block at Seagate Hall

G.V. | II

Stable block, now workshop. Late C18 with C20 alterations. Red brick. Pantile roof. Brick coped gables with some tumbling. Single storey, 4 bays. The single central bay slightly projects and is gabled. Central basket archway now blocked and with inserted large fixed light. Either side are single round arched doorways with plank doors and blind over panels, further right and left are single part blocked round arched window openings now containing single C20 casements. In the gable is a single basket arched recessed panel containing a sundial. Included for group value only.
