The Outline consent benefits from a s106 Agreement that secures a minimum of 25% of the total number of dwellings as affordable housing. The s106 Agreement also requires the applicant to submit an affordable housing scheme for approval detailing the tenure, mix, size and location of the affordable dwellings.

Within this Reserved Matters application the applicant has submitted an affordable housing statement which states 45 homes will be delivered for affordable housing. This equates to 25% of the development, satisfying the s106 Agreement and current Local Plan Policy. For these 45 affordable dwellings the applicant proposes that 8 x 1 beds, 15 x 2 beds, 19 x 3 beds and 3 x 2 bed bungalows will be provided. This does not state the tenure mix, property types with the exception of the 3 bed bungalows, phasing or the location and so does not currently accord with the s106 agreement relating to the Outline consent.

The site layout plan does identify which plots are proposed as the affordable, with a large proportion of these clustered in one specific area of the site. It would be preferable to locate these evenly throughout the development.

To meet needs and adhere to local and national policy the applicant should consider amending the plans to deliver 32 as Rented housing, comprising of 10 x 1 bed houses, 12 x 2 bed houses, 8 x 3 bed houses and 2 x 4 bed houses and 13 Shared Ownership, comprising of 5 x 2 bed houses, 3 x 2 bed bungalows and 5 x 3 bed houses.

It would be preferable for the homes to be built to the 'Nationally Described Space Standards', with the dwellings at least: 1 bed 2 person 2 storey, 2 bed 4 person 2 storey, 3 bed 5 person 2 storey, 4 bed 6 person 2 storey. It is unclear whether the current plans meet this. The policy also encourages homes that are capable of adaptation over time, it is unclear whether any of the homes meet either M42 or M43 standards. It would also be useful to understand if the homes are proposing any low carbon use or emissions initiatives, again encouraged in the Local Plan but not a policy requirement.

The applicant should seek to secure a Registered Provider (RP) for the affordable dwellings at the earliest opportunity. The Strategic Housing Team can provide a list of RPs with stock in the local area should the applicant require this. The applicant and RP should be prepared to enter into a Nominations Agreement with the Council to ensure that the rented homes are let to households from the Council's Housing Register.
