CASE OFFICER ASSESSMENT

PROPOSAL

This is a S191 application seeking the granting of a Certificate of Lawfulness for occupation of December Lodge, Guys Head Road, Sutton Bridge by persons not employed in agriculture and failure to erect glasshouses prior to occupation of bungalow (Conditions 4 and 5 of H12-0918-88).

SITE DESCRIPTION

The site is located on Guys Head Road in Sutton Bridge. It is located outside any defined settlement boundary and within the open countryside. It comprises a detached bungalow sited in the middle of the plot. There is one dwelling immediately to the south and two approximately 100 metres away to the north-west and the remaining surrounding area is predominantly open fields.

HISTORY

H12-0918-88 - Bungalow, double garage & vehicular access - Approved

CONSULTATION RESPONSES

No consultations were undertaken and no representations have been received.

MATERIAL CONSIDERATIONS

The application seeks the granting of a Certificate of Lawfulness for occupation of December Lodge, Guys Head Road, Sutton Bridge by persons not employed in agriculture.

The applicant has submitted the following evidence in support of the claim:

Site location plan

Block plan

Bank Statement - Mr R Thompson

Training Certificate (Leonard Cheshire Disability) - Mr R Thompson

Statutory Declaration - James Richard Thompson

Statutory Declaration - Sarah Louise Mears

Evidence of employment at Hovendon House from Susan Willis

Tax Return/P 60's etc - Richard Thompson

This is a legal determination and planning policy is not therefore relevant to the determination as to whether the claimed use is indeed lawful. The test which the application must meet is that the use has been on-going for a continuous period of 10 years, although it is not necessary for the use to be on-going at the time of the application provided the use has not been lost by operation of law (ie by way of abandonment, the formation of a new planning unit, or a further material change of use). The evidence submitted must be considered on the balance of probability.

The evidence accompanying the application (statement from the applicant, Mr Thompson, bank statements showing payments from employer, statement from Susan Willis at Hovendon House and tax returns from 2013 showing employer details) indicate that neither the applicant nor any tenant, since have complied with the Agricultural Restriction for more than 10 years. In the absence of any evidence to the contrary, it is concluded that sufficient evidence has been produced which demonstrates that "on the balance of probability" the occupation of the dwelling in breach of the agricultural occupancy condition has continued for in excess of 10 years since the breach of planning control, thereby making it immune from planning enforcement. Furthermore there is no evidence to the contrary that the glasshouses required under condition 5 were ever erected.

PLANNING BALANCE

On the balance of probability, it has been satisfactorily demonstrated that there has been a breach of the agricultural occupancy condition for at least the last 10 years. There is no substantive evidence held by the Council to dispute this.

It is therefore considered appropriate to issue a certificate of lawfulness.

CONCLUSION

Given the absence of contrary evidence it is considered that, on the balance of probabilities, the dwelling can be occupied by persons not employed in agriculture therefore it would be appropriate to issue a certificate of lawfulness.

Additional Considerations

Public Sector Equality Duty

In making this decision the Authority must have regard to the public sector equality duty (PSED) under s.149 of the Equalities Act. This means that the Council must have due regard to the need (in discharging its functions) to:

A. Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act

B. Advance equality of opportunity between people who share a protected characteristic and those who do not. This may include removing or minimising disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic; taking steps to meet the special needs of those with a protected characteristic; encouraging participation in public life (or other areas where they are underrepresented) of people with a protected characteristic(s).

C. Foster good relations between people who share a protected characteristic and those who do not including tackling prejudice and promoting understanding.

The protected characteristics are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The PSED must be considered as a relevant factor in making this decision but does not impose a duty to achieve the outcomes in s.149. It is only one factor that needs to be considered, and may be balanced against other relevant factors.

It is not considered that the recommendation in this case will have a disproportionately adverse impact on a protected characteristic.

Human Rights

In making a decision, the Authority should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as South Holland District Council to act in a manner that is incompatible with the European Convention on Human Rights. The Authority is referred specifically to Article 8 (right to respect for private and family life) and Article 1 of the First Protocol (protection of property).

It is not considered that the recommendation in this case interferes with local residents' right to respect for their private and family life, home and correspondence, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general public interest and the recommendation is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

RECOMMENDATION

It is therefore considered appropriate to issue a certificate of lawfulness.
