Application H12-0310-24
Location UNIVERSITY ACADEMY LONG SUTTON 84 LITTLE LONDON LONG SUTTON PE12 9LF
Proposal Demolition of existing school buildings and redevelopment to provide a new three storey building for educational purposes (Use Class F1), revised internal vehicular and pedestrian circulation routes (including creation of revised vehicular drop off / pick up areas for buses and cars), sports and informal recreational spaces, landscaping, drainage, parking areas (including temporary parking provision during the construction phase) and all associated works

Name Annette Faulkner - Lincolnshire Bat Group
Address 65 London Road Spalding Lincs PE11 2TN

Date Submitted 01-05-24
For/Against Comments

Thank you for consulting Lincolnshire Bat Group on this application, with reference to the ecology and bat survey reports. We note that Building 1 is considered to have high roost potential and further surveys need to be carried out in summer 2024. See section 6 of the Preliminary Roost Report. We would also add that there is an additional record for the school building when a female brown long-eared bat was found roosting in a porch in the main building in June 2023, which was fed up and released back at the school a week later. It should be noted that brown long-eared bats are widespread in Long Sutton, being present roosting in the church and a number of other suitable buildings.
