DO NOT SCALE FROM THIS DRAWING		
This drawing is copyright and may not be copied, traced, photographed or used in any other manner without the written consent of the Architect. The General Contractor is to check all dimensions and report any discrepancies to the Architect. All details shown on this drawing (including variations) are based upon specific site conditions related to this work. No responsibility can be accepted for alternative conditions which may be discovered during construction unless otherwise notified so that design amendments may be considered. All soil surveys are recommended in respect of foundations to establish specific soil conditions before foundation work is initiated. The drawing is intended to provide a general indication of the proposed work and is not a specification of the work. It is solely for the purpose of obtaining Planning (Building Regulations) approval. This drawing will not be used as a contract document. The work will not be supervised or inspected on site by G R Merchant or any member thereof. It is the client's responsibility to ensure that the work is carried out in accordance with the design and specifications agreed upon in writing to construct workmanship, substitution of materials, schedules, specifications, variations to contract etc. All materials to be new unless of proven value and of an appropriate and consistent size to be used. Plans and building rules in effect at the time of the Architect's instruction and relevant design practice. Materials and workmanship to appropriate British standards or specifications or BS4 certification. European code of practice. The Employer/Client shall ensure that the selected contractor is a competent and well equipped contractor to achieve compliance with health and safety regulations for building work and work places. The Employer/Client is advised that should it be found to comply with the Construction Design and Management Regulations an independent Planning Supervisor will be required. The works shall comprise of all that is shown on the drawings and details. Work that may not be specifically shown but may be reasonably inferred to be necessary for the completion of the works shall be deemed to be included.
