TOWN AND COUNTRY PLANNING ACT 1990

FULL

Reference: H12-0394-22 **Date of Decision:** 25th May 2022
Applicant: S E King Building Contractors Ltd.
Orchard House
107 New Road
Sutton Bridge
Spalding
PE12 9QA
Location: Leamlands Farm Leamlands Lane Lutton Marsh Spalding
Description: Proposed Barn Conversion into Dwelling

South Holland District Council hereby give notice that permission has been GRANTED (or equivalent) subject to the following condition(s):

- 1 The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:
3775-21 01C;
3775-21 02;
3775-21 04B;
3775-21 07;
Justification Statement & Ecology Management Scheme (Ref. 3775-21) by G R Merchant Ltd;
Preliminary Structural Report (Document ref. SW 22-167-REP-02) by Shields Wilson Ltd dated March 2022;

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015, (or any Order or Statutory Instrument revoking and re-enacting that Order), none of the following developments or alterations shall be carried out.
- i) the erection of house extensions including dormer windows, conservatories, garages, car ports, porches or pergolas;
 - ii) alterations including the installation of replacement or additional windows or doors and the installation of roof windows.

Reason: To ensure that the Local Planning Authority retains control over the future extension and alteration of the development, in the interests of its architectural and visual integrity, levels of residential amenity and the visual amenity and character of the area within which it is set.

This Condition is imposed in accordance with Policies 2, 3 and 23 of the South East Lincolnshire Local Plan, 2019.

- 4 The approved scheme of landscaping shall be carried out and completed in its entirety during the first planting season following practical completion of the development. All trees, shrubs and bushes shall be maintained by the owner or owners of the land on which they are situated for the period of five years beginning with the date of completion of the scheme and during that period all losses shall be made good as and when necessary.

Reason: To ensure that the development is adequately landscaped, in the interests of its visual amenity and that of the area in which it is set, and that Biodiversity Net Gain will be achieved.

This Condition is imposed in accordance with Policies 2, 3 and 28 of the South East Lincolnshire Local Plan, 2019 and the Environment Act 2021.

- 5 All new/replacement brickwork relating to the existing barn shall match, as closely as possible, that existing.

Reason: In the interests of the architectural and visual integrity of the overall development and the visual amenity of the area in which it is set.

This Condition is imposed in accordance with Policies 2, 3 and 23 of the South East Lincolnshire Local Plan, 2019.

- 6 The windows and doors shall be installed in accordance with the approved details and thereafter so maintained.

Reason: In the interests of the architectural and visual integrity of the overall development and the visual amenity of the area in which it is set.

This Condition is imposed in accordance with Policies 2, 3 and 23 of the South East Lincolnshire Local Plan, 2019.

- 7 Prior to occupation the new access road shall be constructed in accordance with the approved details.

Reason: To achieve a satisfactory form of development with good vehicular access in the interest of amenity and highway safety.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

- 8 The development hereby permitted shall be carried out in accordance with the measures set out in the Flood Risk Assessment forming part of this planning application, unless otherwise agreed in writing by the Local Planning Authority, including/plus the following measures:

- Finished floor levels shall be set at 4.30m aOD;
- Flood resistant construction shall be incorporated within the development up to 700mm above finished floor level;
- Flood resilient construction shall be incorporated within the development up to 900mm above finished floor level;
- All sleeping accommodation shall be on the first floor.

The mitigation measures shall be fully implemented prior to occupation and thereafter be retained and maintained throughout the lifetime of the development.

Notes

The applicant is advised to refer to the following document for information on flood resilience and resistance techniques that could be incorporated into the development: "Improving Flood Performance of New Buildings - Flood Resilient Construction" (Department for Communities and Local Government, 2007).

Future occupants are advised to sign up to the Environment Agency's free Floodline Warnings Direct Service.

Reason: To ensure that the development does not increase the risk of flooding or be at risk of flooding.

This Condition is imposed in accordance with Policies 3 and 4 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 14 of the National Planning Policy Framework, 2021.

- 9 The development hereby permitted shall not be commenced until a scheme to deal with any contamination of land or pollution of controlled waters has been submitted to and approved in writing by the Local Planning Authority (LPA).

The scheme shall include all of the following measures unless the LPA dispenses with any such requirement in writing:

- i) A preliminary risk assessment (desk study) shall be carried out to identify and evaluate all potential sources of contamination and the impacts on land and/or controlled waters, relevant to the site. The desk-top study shall establish a 'conceptual site model' and identify all plausible pollutant linkages. Furthermore, the assessment shall set objectives for intrusive site investigation works/Quantitative Risk Assessment (or state if none required). A full copy of the desk-top study and a non-technical summary shall be submitted to the LPA without delay upon completion.
- ii) If identified as being required following the completion of the desk-top study, an exploratory site investigation shall be carried out to fully and effectively characterise the nature and extent of any land contamination and/or pollution of controlled waters. It shall specifically include a risk assessment that adopts the Source-Pathway-Receptor principle,

in order that any potential risks are adequately assessed taking into account the sites existing status and proposed end use. A full copy of the site investigation and findings shall be forwarded to the LPA without delay upon completion.

iii) Thereafter, a written method statement detailing the remediation strategy for land contamination and/or pollution of controlled waters affecting the site and a timetable for their completion shall be submitted to and approved in writing by the LPA. This shall include details of the proposed verification plan including compliance criteria and monitoring details.

No deviation shall be made from this scheme without the express written agreement of the LPA. If during redevelopment contamination not previously considered is identified, then the LPA shall be notified immediately and no further work shall be carried out until a method statement detailing a scheme for dealing with the suspected contamination has been submitted to and agreed in writing by the LPA.

Reason: To assess whether the site is polluted and to address any pollution to ensure a satisfactory development. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.

This Condition is imposed in accordance with Policy 30 of the South East Lincolnshire Local Plan, 2019.

- 10 If contamination of land and/or pollution of controlled waters has been identified as a result of investigation undertaken in accordance with Condition 9 above and remediation is required, a full copy of a verification report shall be submitted to, and approved in writing by, the Local Planning Authority prior to the first occupation of the development. The report shall provide verification that the required works regarding contamination have been carried out in accordance with the approved Method Statement(s). Post-remediation sampling and monitoring results shall be included in the closure report to demonstrate that the required remediation objectives and criteria has been fully met.

Note: The applicant is advised that the phased risk assessment required by the Contaminated Land Scheme Condition should be carried out in accordance with the procedural guidance of the Environmental Protection Act 1990 Part 11A.

Reason: To ensure the satisfactory remediation of contaminated land and/or waters.

This Condition is imposed in accordance with Condition 30 of the South East Lincolnshire Local Plan, 2019.

- 11 At least 1 month before any work is commenced at least two Barn Owl boxes shall be installed on site or on land within the applicant's control, including one in the position shown on dwg. no. 3775-21-01C, and shall thereafter be retained and be permanently made available for use for that purpose.

Reason: To ensure the protection of Barn Owls currently residing within the building and in accordance with the provisions of the Wildlife & Countryside Act. 1981.

This condition is imposed in accordance with advice within Section 15 of the National Planning Policy Framework, 2021.

- 12 Before any work is commenced on the building details of a bat box to be installed on site shall be submitted to and approved in writing by the Local Planning Authority. It shall

thereafter be installed prior to the building being brought into use and permanently retained.

Reason: To ensure the protection of bats currently residing within the building and in accordance with the provisions of the Wildlife & Countryside Act, 1981.

This condition is imposed in accordance with advice within Section 15 of the National Planning Policy Framework, 2021.

- 13 Prior to occupation the ecological biodiversity measures outlined within the Ecology Management Scheme accompanying the application shall be constructed/installed in accordance with the details so approved and shall thereafter be retained.

Reason: To ensure that the development is able to deliver a net gain in biodiversity.

This Condition is imposed in accordance with Policy 28 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in the National Planning Policy Framework, 2021.

- 14 The water consumption of the dwelling hereby permitted should not exceed the requirement of 110 litres per person per day (as set out as the optional requirement in Part G of the Building Regulations 2010 and the South East Lincolnshire Local Plan, 2019). The person carrying out the work must inform the Building Control Body that this duty applies. A notice confirming the requirement for the water consumption has been met shall be submitted to the Building Control Body and Local Planning Authority, no later than five days after the completion of the dwelling.

Reason: To protect the quality and quantity of water resources available to the district.

This Condition is imposed in accordance with Policy 31 of the South East Lincolnshire Local Plan, 2019.

Notes:

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and subsequently determining to grant planning permission.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at <http://planning.sholland.gov.uk/OcellaWeb/planningSearch>

The applicant is reminded that it is an offence under the wildlife and Countryside Act, 1981 (as amended) to kill, injure, or take (handle) any protected species occupying a place of shelter or protection and also to take, damage or destroy the nest of any wild bird while that nest is in use or being built. If evidence of bats is found before or whilst the work is carried out you are advised to contact Natural England at their Lincoln office (telephone 03000 603900).

The permitted development requires the formation of a new/amended vehicular access. These works will require approval from the Highway Authority in accordance with Section 184 of the Highways Act. The works should be constructed in accordance with the

Authority's specification that is current at the time of construction. Relocation of existing apparatus, underground services or street furniture will be the responsibility of the applicant, prior to application. For approval and specification details, please contact vehiclecrossings@lincolnshire.gov.uk

Please contact the Lincolnshire County Council Streetworks and Permitting Team on 01522 782070 to discuss any proposed statutory utility connections and any other works which will be required within the public highway in association with the development permitted under this Consent. This will enable Lincolnshire County Council to assist in the coordination and timings of these works.

Phil Norman
Planning Manager
South Holland District Council

BUILDING REGULATIONS:

This decision refers only to planning permission as granted under the Town and Country Planning Act 1990. The works that you are proposing may also require Building Regulations and this planning permission does not give authority under Building Regulations to commence work. Please contact the Building Control section for further information on 01775 764557 or bcadmin@sholland.gov.uk

RIGHTS OF APPEAL

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or grant consent subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Building and Conservation Areas) Act 1990.

Timescales for appealing

The deadlines for appeals are calculated from the **date of decision** and are as follows for the types of applications below:

12 Weeks	6 Months	8 Weeks
Householder Applications	Planning Permission	Consent to Display Adverts
Minor Commercial Development	Listed Building Consent	
Agricultural Determinations	Other Prior Approval Applications	
Householder Prior Approval Applications		

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**.

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice** OR **the timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the

Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under the order.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
