Proposal Erection of boundary fence - Retrospective

For/Against Comments

I wish to raise no objections to this proposal.

Whilst the proposal site is within relatively close proximity to a Grade II listed building, it is not felt that the proposed new fence would bear any visual impact upon appreciable views of the asset and as such would not contribute any material negative impact upon the listed building.

The officer should therefore continue to consider the application in accordance with Policy 29 of the SELLP, as well as all other relevant policies and guidance.
