morning

change of plan, response to your questions.

Most of the information you request is stated in the application on the support document in the last paragraph

16 children max
age range 3 months to 11 years
during school hours 3 months to 4 years

car parking is partly owned by the cottage and part village hall. however this is all owned by the church with a committee for the cottage and one for the village hall.

we already have a verbal agreement with both committees with regard to drop off and collection. please bear in mind, it is more a drop off and collection staggered through the day as stated in the application, support document, not required for all day parking.

many thanks
mark

Good Afternoon,

Further to the above application please can you clarify if the car parking area shown on the block plan is within your ownership? If it isn't then you would need to serve a notice on the relevant owner and allow them 21 days to respond.

Please also clarify the maximum number of children that would be at the property at any given time? What will be the age range of the children? Will there be certain pick-up/drop-off times?

Kind regards
